When Enough Is Enough A Comprehensive Guide To Successful Intervention:

When Enough is Enough Candy Finnigan, 2008 *When Enough is Enough* Candy Finnigan, Sean Finnigan, 2008-04-10
Read Candy Finnigan's posts on the Penguin Blog From a nationally recognized addiction specialist featured on the A E series Intervention a comprehensive and compassionate guide to confronting a loved one with an addiction What do you do when someone you care about is caught in the downward spiral of addiction The goal of an intervention is to get the person who is addicted to alcohol to drugs to gambling to sex to what have you to seek treatment to seek treatment today And it is remarkably effective over 80 percent of people faced with an intervention agree to get help In *When Enough Is Enough* Candy Finnigan offers support advice and hope to people who care about someone with an addiction She acknowledges that although intervention is a powerful tool it is a complicated process one that absolutely must be done right This kind of confrontation must be highly structured and Finnigan a veteran of hundreds of interventions provides a frank but sympathetic guide to preparing for and staging an intervention By talking readers through the personal medical psychiatric financial and legal issues involved she turns what seems like a chaotic and overwhelming task into a manageable and empowering experience **The Definitive Guide to Addiction Interventions** Louise Stanger, Lee Weber, 2018-09-14
Written for a broad audience of medical and behavioral healthcare professionals *The Definitive Guide to Addiction Interventions* A Collective Strategy introduces clinicians to best practices in addiction interventions and bridges the gap between the theory and practice of successful intervention Synthesizing decades of fieldwork Louise Stanger explores the framework for successful interventions to change what they look like in action and how to adjust approach by population and Lee Weber serves as editor The authors summarize and compare intervention models in use today and explain the use of family mapping and individual portraiture as clinical tools The text also teaches clinicians to troubleshoot common situations as they help move clients toward positive life decisions Practical ready to use clinical tools follow the text in downloadable worksheet form **Ending Addiction for Good** Richard Taite, Constance Scharff, 2012-11 There is hardly a family in the post industrial world that hasn't been affected in some way by addiction Yet seeking treatment for a struggling loved one is for most people a frightening and overwhelming prospect *Ending Addiction for Good* offers a powerful message of hope Drawing on their own histories of addiction recovery authors Taite and Scharff examine the unique and highly successful treatment protocol practiced at the Cliffside Malibu Addiction Treatment Center Using clear and direct language they look beyond the limits of conventional treatment to show how creating an individualized evidence based and integrated approach that targets the whole person mind body and spirit not just the addiction can provide a sure path to recovery In doing so they empower both the addict and the families of addicts to begin their recovery *Ending Addiction for Good* may well be the most important book dealing with alcoholism and drug addiction to come along in years **The Snapping of the American Mind** David Kupelian, 2022-09-20 America the beautiful has become America the bizarre REVISED AND EXPANDED EDITION A must

read if you really want to understand the world we live in and where it's headed SEAN HANNITY David Kupelian's *The Snapping of the American Mind* chronicles the decline and fall of America and shows that it is no accident but rather a direct result of progressive misrule an eye opening scary and galvanizing book DINESH D SOUZA David Kupelian has once again given us a must read in these times of political turbulence and cultural insanity PAUL KENGOR America the beautiful has become America the bizarre Government promotes shockingly deranged policies while purposely turning citizens against each other Christians are prosecuted as criminals children transition to the opposite sex crime skyrockets and 130 million Americans depend on mind altering substances just to get through life Turbocharged by the Obama presidency and continuing into the present day long coalescing forces of the political and cultural Left are bringing about their much heralded fundamental transformation of America That much everyone knows But this revolution is also causing a fundamental transformation of Americans in profoundly negative ways In *The Snapping of the American Mind* veteran journalist and bestselling author David Kupelian shows how the progressive Left which today dominates America's key institutions from the news and entertainment media to Big Tech to education to government itself is accomplishing much more than just enlarging government redistributing wealth and de Christianizing the culture With the Left's wild celebration of sexual anarchy its intimidating culture of political correctness and its incomprehension of the fundamental sacredness of human life it is also whether intentionally or not promoting widespread dependency debauchery family breakdown crime corruption addiction despair and suicide Surveying this growing chaos in American society Kupelian exposes both the utopian revolutionaries and their extraordinary methods that have turned America's most cherished values literally upside down to the point that madness is celebrated and normality demonized

[A Comprehensive Guide to Classroom Management](#) Louise Porter, 2020-07-30 Behaviour management in the classroom can be one of the most challenging aspects of teaching but with the right approach it can be rewarding and enriching for both student and teacher *A Comprehensive Guide to Classroom Management* provides a systematic overview of the major theories and styles of discipline in schools Drawing on the latest international research Porter outlines how teachers can develop a personal style in classroom management based on a sound understanding of theory The emphasis is on proactive authoritative approaches to discipline to engage students and facilitate the achievement of educational and social goals Porter demonstrates how it is within the power of schools and teachers to create the conditions under which even disadvantaged or disenchanted students strive to learn *A Comprehensive Guide to Classroom Management* is the essential handbook for preservice teachers and a valuable reference for more experienced teachers who want to develop their approach to complex behavioural challenges True to its title this is an enormously ambitious indeed encyclopaedic resource that makes a compelling multilayered case for putting respect for children's needs ahead of our urge to control them Alfie Kohn author of *Beyond Discipline and Punished by Rewards* There is so much to admire and absorb in this impressive and highly readable blend of research idealism and sound
