Knocking on Heaven's Door Katy Butler, 2014-06-10 A blend of memoir and investigation of the choices we face when our terror of death collides with the technological imperatives of modern medicine

Handbook of Traumatic Loss Neil Thompson, Gerry R. Cox, Robert G. Stevenson, 2017-01-06 The Handbook of Traumatic Loss adopts a broad holistic approach that recognizes traumatic loss much more fully as a multidimensional human phenomenon not simply a medical condition Initial chapters build a foundation for understanding traumatic loss and explore the many ways we respond to trauma Later chapters counterbalance the individualistic focus of dominant approaches to traumatic loss by highlighting a number of thought provoking social dimensions of traumatic loss Each chapter emphasizes different aspects of traumatic loss and argues for ways in which clinicians can help deal with its many and varied impacts

Death, American Style Lawrence R. Samuel, 2013-07-05 The notion of one day disappearing from the earth forever is contrary to many of America s defining cultural values with death and dying viewed as un American experiences Arguing that death and dying may be our last major taboo this book shows how death and dying became almost unmentionable words over the course of the last century Although we have recently made some progress in reconciling the fact that life is a finite resource we remain very unprepared for the approaching tsunami of death as the largest generation in history begins to age and die in great numbers **DEATH AMERICAN STYLE** is thus highly timely and relevant suggesting that Americans need to individually and collectively come to terms with mortality if we are to learn to treat death as an inevitable part of life and to prepare accordingly As more and more Americans face end of life decisions it will be vital for us to radically change the current view of death and dying The alternative the author argues is that the emerging death centric society may bring with it a period of turmoil equivalent to that of the countercultural 1960s and 1970s
