When The Sun Darkens:

When the Sun Darkens Jason M. Breshears, 2009-07 Numerous times throughout Earth's history there have been major cataclysmic events Many books exist on this subject but few have broken new ground like this one due to the extensive research involved **God And His Coexistent Relations To The Universe:** George D. Shollenberger, 2014 The author says that the social contract theory of John Locke the immortal souls of humans and doubts of the divinity of Jesus by Ben Franklin Thomas Jefferson and John Adams caused the separation of the U S colonists from England on July 4 1776 However the author says that the USA has lost its God and has no facts about the universe in which we live He also says that Locke's social contract theory and the immortal souls of humans were never installed by Congress And he says that the doubts of the divinity of Jesus were never verified In his new book the author opens his widely respected mind to find answers to the above unknowns In his studies of the immortal souls the author concludes that all nations must become equal so that the immortal souls of every Little God can be reborn naturally by God His study provides answers of all doubts about the divinity of Jesus and says that only one active God exists and governs the immortal souls and the universe forever In time only one religion will exist *The Glory of Christ, and the Ruine of Antichrist, Unveiled, as They are Held Forth in Revelation, by the Seales, Trumpets and Vialls ... By T. C. [i.e. Thomas Collier.] T. C., 1647* The Genesis Mission B.R. Miller, 2022-05-04 In the late twentieth century we saw on television the first man to ever walk on the Moon my great great grandfather Neil Armstrong And then as the years went by there were movies and television shows that depicted space travel out in the universe Other solar systems were visited and other intelligent life forms were encountered most of them unfriendly It was very exciting and allowed our imagination to run free It was as if we were there and things were really happening It was an amazing thought But that allowed for a giant leap forward from walking on the Moon But what happened between walking on the Moon and visiting other solar systems There would have to be a first time a first mission out of our solar system The Genesis mission was that first time A lot was learned and tragedy narrowly escaped Future missions will rely on what we found out there and in some ways they will know what to expect *Homiletic Review*, 1894 *Boiling Point 2017* Richard Denis, 2011-11-22 Most people are unaware that they are in the most violent war of all times and the number of casualties will be in the billions The pit of hell has been opened and demons have been gathering in souls for damnation Loss of faith in God has allowed these demons to come upon the earth and it is possible that the world will soon experience the Great Tribulation spoken of in the Bible Few will survive *Metropolitan Pulpit and Homiletic Monthly*, 1883 *The Homiletic Monthly*, 1883
