Cissna, Rob Anderson, 2012-02-01 Moments of Meeting tells the story of a uniquely important event in twentieth century intellectual history the 1957 public dialogue of philosopher Martin Buber and psychotherapist Carl Rogers and explores the practical implications of that event for contemporary social and cultural theory Supported by original historical research close textual analysis and a variety of interviews the book illuminates the careers theories and practices of two of the last century's foremost scholars of dialogue while it clarifies what they shared in common Following a careful case study of the Buber Rogers public conversation about the dynamics of dialogue itself the authors conclude that public dialogue cannot be built primarily upon skillful technique Instead we must support settings and attitudes that enable unique moments of meeting WONDERS OF THE WORLD Rudolf Steiner, 2020-11-16 From the contents of original Greek drama and the soul drama of the present day that leads to self knowledge Rudolf Steiner develops his thought processes pulsating with lively contemplation about wonders of the world trials of the soul and revelations of the spirit Marie Steiner In this remarkable interpretation of Greek mythology Rudolf Steiner goes beyond Carl Jung and Joseph Campbell in reading mythological figures such as Demeter Persephone Eros and Dionysos as primordial archetypes of macrocosmic thinking feeling and will Moreover he explains in detail how this archetypal consciousness was gradually lost giving way to new found subjective experience of these faculties which in turn opens up possibilities for human freedom His overarching theme of the

evolution of consciousness is grand in its sweep but Steiner also shows himself to be the master of telling details Lectures include The origin of dramatic art in European cultural life and the Mystery of Eleusis The living reality of the spiritual world in Greek mythology and the threefold Hecate Nature and spirit The entry of the Christ Impulse into human evolution and the activity of the planetary gods The merging of the ancient Hebrew and the Greek currents in the Christ stream The ego nature and the human form The Dionysian Mysteries Eagle Bull and Lion currents Sphinx and Dove The two poles of all soul ordeals and On Goethe s birthday The freshly revised text features an introduction notes and appendices by Professor Frederick Amrine colour images and an index
