Whirlpool Cookers Manual:

The M Club Manual Kathryn Sultzbaugh,2004 This is a public announcement to inform America of a new not to be ignored women s club Well not really a new club because it has been around for as long as women have been taking care of business families and of course each other The M Club is the ultimate how to manual for any mature woman who is plain sick and tired of going unrecognized and being mistreated or simply for those who want to revel in their M ness o We are sick and tired mostly tired of things in general going to hell in a handbasket o We are intelligent savvy women who know right from wrong o Sometimes we have to come over there to help another member Often we go over there in a big group so we can make an impression o We help other M Club members because we want to and we are able Next time and there will be a next time any woman is feeling overlooked or harangued she can appeal to her sister members of the M Club to shift perspectives take the reigns and well take care of business Women will love to give this incredibly funny and frank manual as a present or even keep it around the home or office for their own reference and fun
