Taylor, 2024-02-29 This text considers the developing law in England and Wales as it applies to the burgeoning and confusing subject of the rights of children It examines the extent to which the emerging legal principles can be harnessed to fulfil those rights **The Making Sense of Politics, Media, and Law** Gary Watt, 2023-04-13 From Trump's 'make America great again' to Johnson's 'build back better' performative politicians use 'The Making Sense' to persuade their public audiences Law makers do it too A courtroom trial is a truth factory in which facts are not found but forged The court of popular opinion is another such factory though its processes are often flawed and its products faulty Where courts of law aim to make civil peace trial by Twitter makes civil strife Even in mainstream media journalists make news for public consumption so that all news is to an extent fake news In a world of making how can we separate craft from craftiness With insights from disciplines including law politics rhetoric media studies psychology sociology marketing and performance studies 'The Making Sense of Politics Media and Law' offers a constructive way to approach controversies from transgender identity to cancel culture This title is also available as open access on Cambridge Core **Political Censorship in British Hong Kong** Michael Ng, 2022-08-04 Drawing on archival materials Michael Ng challenges the widely accepted narrative that freedom of expression in Hong Kong is a legacy of British rule of law Demonstrating that the media and schools were pervasively censored for much of the colonial

period and only liberated at a very late stage of British rule this book complicates our understanding of how Hong Kong came to be a city that championed free speech by the late 1990s With extensive use of primary sources the free press freedom of speech and judicial independence are all revealed to be products of Britain's China strategy Ng shows that from the nineteenth to the twentieth century Hong Kong's legal history was deeply affected by China's relations with world powers Demonstrating that Hong Kong's freedoms drifted along waves of change in global politics this book offers a new perspective on the British legal regime in Hong Kong *Comparative Law* Mathias Siems, 2022-03-24 Presents a fresh contextualised and sophisticated perspective on comparative law for both students and scholars Transnational Law Michael W. Dowdle, 2022-09-08 Offers a comprehensive exploration of transnational law and advances a framework for investigating transnational regulatory institutions **Principles of Enterprise Law** Ewan McGaughey, 2022-09 Shows how the enterprises shaping our lives really work in education banking energy transport media big tech
