Creating Value Through Sustainability

Francesca Bernini,2024-12-29 Adopting a multidisciplinary approach this book examines the interaction between ESG strategies and value creation It highlights how sustainability is a wide ranging concept capable of engaging the social sciences in various ways Firstly the study analyses how ESG initiatives can enhance value creation using a framework inspired by strategic cost management Then it takes an ethical perspective by investigating the ethics washing phenomenon associated with the irresponsible use of artificial intelligence Furthermore the focus is on the integration of ESG factors into risk management and performance measurement systems through the lens of management accounting and on the interplay between corporate social responsibility and tax avoidance Moreover the book proposes a constitutionally oriented reading of corporate sustainability from a legal standpoint It also includes the perspective of financial companies exploring the role of administrative controls in fostering banks commitment to sustainability The study focuses also on an organizational perspective by exploring how human resource management can support ESG strategies Finally the research underlines the corporate model Societ Benefit to examine its effect on default risk

Innovation Performance in the 21st Century

Raphaël Murswieck,2021-07-30 Performant business models in the 21st century are characterized by the intelligent integration of soft human based aspects on the one hand and technology based opportunities on the other hand to foster not only economic but also environmental results Based on a mixed research approach the presented business innovation model BIM shows a practical way in how organizations can lever their cultural human based potential to increase and manage their innovation performance The studies reveal cultural determinants supporting innovation performance at the beginning of the process respecting the value aspect by adopting digital technologies and deploying environmentally friendly circular principles within business models to develop more sustainable products and services

Values Guide Decision-Making for Results

Stanley Remple,2025-05-22 Strong business leadership built on a value based foundation has the power to drive profit while improving the lives of business leaders employees and even those in the community But a business leadership model must also reflect cultural context which is why author Stanley Remple argues that a cookie cutter individualistic Western approach doesn t serve the needs of Chinese business leaders Enter Leadership Wisdom for Businesses in China a powerful four book

series that examines value based business leadership specifically within the Chinese cultural and social environment and offers a framework to promote individual and collective potential while creating a successful and competitive business In Book Three Values Guide Decision Making for Results Remple explores the importance of ensuring all decision making is results based and dives into four business leadership responsibility areas that contribute to business success strategic direction complementary partnerships leadership development and governance accountability With a focus on technical tools creating and using a three year business plan is examined along with decision making processes to ensure all strategic action is aligned with performance objectives Case examples of successful Chinese businesses are also used to illustrate how these tools work within a cultural context Much more than a theoretical overview of business leadership this series offers a roadmap and solid tools for developing both self leadership and business leadership within a whole company Supported by a Chinese project team consisting of researchers educators writers and editors business leaders and other stakeholders this culturally relevant series has been written for both new and experienced business leaders and entrepreneurs leadership consultants and trainers and post secondary leadership programs in China However stakeholders in the West will also find great value in this comprehensive exploration of value based leadership The other volumes in the Leadership Wisdom for Business Success in China series are Book One Confronting the Business Leadership Crisis Book Two Developing a Value Based Business Book Four Cultural Factors Define Implementation Strategies Also available in Mandarin

Creating Business Value with Information Technology Namchul Shin,2003-01-01 Addressing questions raised by managers and researchers over the last decade on the business value of information technology IT this book provides business professionals with a more precise rationale for making IT investments by detailing how computerization does not automatically create business value but is one essential component that should be coupled with organizational changes such as new strategies new business processes and new organizational structures

E-Commerce and Web Technologies Kurt Bauknecht,Birgit Pröll,Hannes Werthner,2005-08-31 We welcome you to the 6th International Conference on E Commerce and Web Technology EC Web 2005 held in Copenhagen Denmark It was held in conjunction with DEXA 2005 This conference was organized for the first time in Greenwich UK in 2000 and it has been able to attract an increasing number of participants and interest reflecting the progress made in the field As in the five previous years EC Web 2005 served as a forum that brought together researchers from academia and practitioners from industry to discuss the current state of the art in e commerce and Web technologies We are sure that inspirations and new ideas emerged from the intensive discussions that took place during the formal sessions and social events Keynote addresses research presentations and discussions during the conference helped to further develop the exchange of ideas among current researchers developers and practitioners The conference attracted 139 paper submissions and each paper was reviewed by three Program Committee members The Program Committee selected 39 papers for presentation and publication an acceptance rate of 28% And we have to confess that this

task was not that easy due to the high quality of the submitted papers *Corporate Democracy, Open Innovation, and Growth* Rajagopal, Ramesh Behl, 2024-11-22 This book discusses stakeholders engagement in corporate governance as an emerging philosophy to empower them and motivate value based business performance through co creation and coevolution Reviewing a wide range of literature and empirical studies this edited volume analyzes emerging theories of stakeholder engagement agility in business corporate social responsibility and value co creation Eighteen articles spread across five sections in this volume deliberate on human factors in corporations This book presents new insights of corporate democracy governance and agile business modeling integrate people profit and corporate citizenship behavior Articles in this book discuss the democratization and socialization processes of business as budding corporate philosophies **Reframing the Game: The Transition to a New Sustainable Economy** Mike Townsend, Katrin Muff, 2023-05-09 Capitalism is fast approaching the tipping point into a new sustainable economy that will allow people and the planet to prosper Pieces of a jigsaw are coming together and bringing into focus a picture of a new vibrant attractive and sustainable economic operating system This quiet revolution is underway if we could only allow it to flourish This Special Issue of Building Sustainable Legacies brings together key voices in business and academia that show us how to accelerate towards this tipping point by exploring the role that business in society responsible education leadership techniques and legal reform will have in shaping the new sustainable economy Including contributions from Paul Polman Katrin Muff Beate Sjafjell and Gabriele Zedlmayer this outstanding collection proposes leading insights and innovative solutions to the challenge of creating new economies that work for people and the planet **Business Transformation for a Sustainable Future** Samuel Petros Sebhatu, Bo Enquist, Bo Edvardsson, 2021-09-05 Interconnecting the concepts of sustainability innovation and transformation this book explains how organizations have successfully transformed themselves and wider society to foster a more sustainable future and identifies the difficulties and challenges along the way Part of the Principle of Responsible Management Education PRME series the book promotes a strong voice for meeting sustainability challenges for transformative change in a globalized world through business education and practice A transition to a more sustainable way of doing business can only be attained by combining technology with profound system innovations and lifestyle changes The chapters in the book each written by a strong and well recognized team of researchers in the field open up the discussion about a new partnership between sustainability innovation and transformation that includes the global society big world the biosphere small planet and also requires a deep mind shift The book presents cases from business including Ikea and Eataly and other service networks including the Base of the Pyramid BoP and illustrates how these organizations have transformed themselves for a sustainable future The research perspectives are macro policies and legislation meso institutional practices and micro business practices and individual behavior This book is where research meets real world business and societal practice The chapters are grounded in business research specifically the interdependencies between sustainability innovation and transformation which

makes for a robust basis for describing explaining and understanding the complex challenges faced by business and society in the 21st century The book is intended for graduate and postgraduate level students and executive education with implications for practitioners Furthermore it contributes to multidisciplinary research in the field of interaction between business and society with a view to extending the firm centric view to encompass a broader systemic and dynamic understanding of business and societal transformation New Business Creation Paul D Reynolds,Richard T.

Curtin,2010-11-03 Understanding the origins of new businesses the firm creation process has been dramatically affected by the development of longitudinal studies of business start ups Several projects have been implemented to track the development of new firms from the emergence of a business idea and organization of a start up team through the birth of an operational business The U S projects the first and second Panel Studies of Entrepreneurial Dynamics known as PSED I and II have counterparts in a number of other countries Australia Canada China Latvia Netherlands two projects Norway and Sweden These eleven projects in nine countries implemented over the past decade are at different stages of development and have been utilized for a wide range of assessments of entrepreneurial and business creation phenomena This volume presents the state of the art of these international research projects providing the first in depth comparison of the firm creation data across a wide range of national contexts The work will be of great interest to the research community particularly those developing such projects in their own countries as well as policy makers and scholars interested in the effect of national context on the business creation process *Innovation in Nephrology* Adam E.M. Eltorai,Nancy

Patterson,Sushrut S Waikar,Xixi Zhao,2024-11-21 Innovation in Nephrology Technology Development and Commercialization Handbook is a step by step guide to nephrology technology innovation reflects recent trends of industry globalization and value conscious healthcare Written by a team of medical engineering and business experts the authors provide a comprehensive resource that leads clinicians students researchers and entrepreneurs through a clear process for the identification invention and implementation of new solutions Case studies on innovative products from around the world successes and failures practical advice and end of chapter Getting Started sections encourage readers to learn from real projects and apply important lessons to their own work In short this book will be of interest to every nephrologist who has ever had a good idea for an invention but does not know where and how to start bringing it to the bedside The only book that helps readers understand everything involved in bring a clinical and medical innovation in nephrology from concept to market Features case studies on innovative products from around the world End of chapter Getting Started sections encourage readers to learn from real projects and apply important lessons to their own work Pricing and the Sales Force

Andreas Hinterhuber,Stephan Liozu,2015-09-16 Pricing and the Sales Force is the first book to link pricing strategy and the sales force together Pricing strategy is now well established as an important means of driving profits for many organizations Countless companies are now mastering price setting But what about price getting converting those list prices into the

realized sales and as a result greater profitability This is the domain of the sales force A selection of the world's leading specialists explore different aspects of sales force and pricing strategy integration introduction overview on the state of the art building key capabilities best practices for building sales force capabilities in pricing and value quantification engaging the sales force driving organizational change processes with the sales force designing effective selling processes designing and implementing processes that enable superior performance and aligning sales force incentives and building the infrastructure insights into how to align sales force incentive schemes tools and instruments to enable the sales force to perform The third in Hinterhuber and Liozu's successful pricing series this book is essential reading for pricing strategy and sales scholars and practitioners
