Small and Medium-Sized Enterprises (SMEs) and Poverty Reduction in Africa Ameen Alharbi, Abdul M. Kanu, Aminu Mamman, 2015-06-18 Small and Medium Sized Enterprises SMEs and Poverty Reduction in Africa addresses the vital question of why the millions of dollars of governments and international development interventions in the SMEs sector are yet to deliver significant and sustainable employment and poverty reduction in Africa The book also addresses the question of how the SMEs sector can help in the eradication of poverty in Africa The book also tackles the question of what policy makers SMEs operators would be entrepreneurs and trainers can do to contribute to poverty reduction through the SMEs sector To address these three key questions the book has adopted innovative concepts and ideas that will appeal to the sensibilities of African policy makers trainers business operators and would be entrepreneurs For example the existing literature on system thinking and spirituality in business is used to offer a novel approach and departure from the perennial focus on technical training and hardnosed pursuit of individualised business and personal goals as a means of developing entrepreneurs and crafting SMEs policy The key features of the book are a focus on changing the mind set of SMEs operators policy makers trainers and would be entrepreneurs contextualising the role of SMEs in poverty reduction by emphasizing the relevance of the African worldview belief systems and spirituality during policy making policy implementation and training of SMEs operators and would be entrepreneurs theoretical explanations to why good intentions in policy formulation and implementation do not deliver expected outcomes in terms of the SMEs sector s contribution to poverty reduction practical guidelines on how SMEs can develop a poverty related mission statement business strategy and business plan within the context of poverty reduction personal development guidelines for SMEs operators and prospective entrepreneurs on how to develop poverty related personal mission statements and strategies the introduction of spiritual poverty and system thinking as the foundation for policy formulation and poverty reduction interventions in Africa

Securitization Law and Practice

Jan Job de Vries Robbé, 2008-01-01 Securitization once a fairly straightforward means of offering collateral for investment has mushroomed into a massively complex area of financial practice The central role occupied by such risk distributing products as collateral debt obligations CDOs credit default swaps CDSs collateral loan obligations CLOs and credit derivatives has given rise to one of the most crucial inquiries of our era Is the financial collapse that threatens the world financial system due merely to rogue traders Or is there something in the derivative idea itself that spells inevitable disaster Most important can we isolate the truly productive aspects of securitization and learn to recognise pitfalls in advance As always in such ideational minefields it is the legal practitioners who are expected to provide guidance to distressed investors and asset dealers Hence this vital new book Written from a distinctly practical point of view by Jan Job de Vries Robb with contributions from Paul Ali and Tim Coyne all three leading authorities with extensive experience as counsel both in house and in private practice in addition to sterling academic credentials the book sheds clear light on every aspect of today s

securitization techniques including welcome guidance on the following keeping track of exposure to the CDO market and evaluating such emerging asset classes as commodity risk microfinance and project finance risk In the course of the analysis the book proceeds from the relevant framework and guiding legal principles through key risks and building blocks in securitization transactions to the various product classes and sub classes and their differences and common denominators Non credit risk and niche products such as fund and insurance securitization are also covered The final chapters are devoted to the applicable rules as laid down in Basel II and International Financial Reporting Standards
