Vampire Quest Simon Cheshire:

The Vampire Quest Simon Cheshire, 2015-02 James is an ordinary boy but his best friend Vince is a bit odd For one thing it turns out that Vince is a vampire His parents are vampires too And so are the people who live at Number 38 There are vampires all over the place it seems but there s nothing to worry about They like humans and they d never ever do anything horrible to them Unless the world runs out of Feed N Gulp the magical vegetarian vampire brew Which is exactly what s just happened *The Pop Musical* Alberto Mira, 2021-11-09 After Hollywood and Tin Pan Alley s iron grip on the movie musical began to slip in the face of pop s cultural dominance many believed that the musical genre entered a terminal decline and finally wore itself out by the 1980s Though the industrial model of the musical was disrupted by the emergence of pop the Hollywood musical has not gone extinct Many Hollywood productions from the 1960s to the present have revisited the forms and conventions of the classic musical except instead of drawing from showtunes and jazz standards they employ the styles and iconography of pop Alberto Mira offers a new account of how pop music revolutionized the Hollywood musical He shows that while the Hollywood system ceased producing large scale traditional musicals different pop strains disco rock n roll doo wop glam and hip hop renewed the genre giving it a new life While the classical musical presented a world light on conflict defined by theatricality and where effortless talent can shine through the introduction of pop spurred musicals to address contemporary social and political conditions Mira traces the emergence of a new set of themes such as the painful hard work depicted in *Dirty Dancing* 1987 the double edged fandom of *Velvet Goldmine* 1998 and the racial politics of *Dreamgirls* 2006 to explore why the Hollywood musical has found renewed relevance Chaos Bleeds James A. Moore, 2003-08 An ancient evil called The First uses Ethan Ryan against Buffy the Vampire Slayer *Fate in Film* Thomas M. Puhr, 2022-10-18 The course of events is predetermined and cannot be changed Forces beyond our control or even our comprehension shape our fates Such is the deterministic worldview embedded in a wide swath of contemporary cinema from arthouse experiments to popular genre films through both thematic concerns and narrative structures These films especially the recent spate of elevated science fiction and horror tap into this deep seated anxiety by focusing on characters who ultimately fail to transcend the patterns and structures that define them Thomas M Puhr identifies and analyzes the ways that cinema has dealt with the tension between fate and free will from Stanley Kubrick s *The Shining* to Christopher Nolan s *Tenet* He examines films that express deterministic ideas including circular narratives of stasis or confinement and fatalistic portraits of external forces dictating characters lives Puhr considers determinism at the levels of the individual the family and society reading films in which characters are trapped by past or alternate selves the burdens of family histories or oppressive social structures He explores how films such as Joel and Ethan Coen s *Inside Llewyn Davis* Ari Aster s *Hereditary* Jordan Peele s *Us* and Lucrecia Martel s *Zama* confront the limits of human agency Puhr relates deterministic themes to the nature of moviegoing In denying characters any ability to choose alternative paths these films mirror how viewers themselves
