Character Theology Tom Steffen, Ray Neu, 2024-02-21 Character Theology provides a natural universal way for the world to engage God through his chosen cast of characters As the media eras continue to change oral to print to digital virtual too many Bible scholars and consequently pastors and Bible teachers in the West and beyond lack capability to effectively communicate Scripture to Millennials Gen Z and Gen Alpha These generations find little if any relevance in the Christianity promoted by those stuck in modernity's sticky abstract systematic theology Character Theology relates sticks and transforms these generations Why Because people grasp and engage God most naturally and precisely through his interaction with biblical characters and their interaction with each other Characters communicate the Creator's characteristics The roadmap to the recovery and expansion of Christianity in the twenty first century will be through Bible characters **Reading T. S. Eliot** Dídac Llorens-Cubedo, Viorica Patea, 2025-11-19 In *Burnt Norton* the poetic speaker enters a rose garden a space of envisioned timeless illumination This experience sets in motion a spiritual quest which will confer unity upon *Four Quartets* For the poet himself it inaugurates a creative phase mid 1930s to late 1950s that strengthens his sense of faith and community Eliot increasingly interested in playwriting completed his meditative masterpiece *Four Quartets* while undertaking his ambitious project to revive verse drama Devotion to drama reflects Eliot's stronger social awareness leading him to adopt popular forms the pageant *The Rock* drawing room comedy *The Cocktail Party* The Confidential Clerk and *The Elder Statesman* and children's literature *Old Possum's Book of Practical Cats* As a critic he widened his scope to write about social issues *The Idea of a Christian Society* *Notes Towards a Definition of Culture*

These aspects of Eliot's career are influenced by concrete historical and biographical circumstances such as the impact of war and his ongoing relationship with Emily Hale who played a decisive role as his muse guide and mentor in his newfound passion for the stage. Reading T. S. Eliot: The Rose Garden and After 1930s-1950s presents original work by numerous scholars addressing these facets of Eliot's writing.

Art, Craft, and Theology in Fourth-Century Christian Authors Morwenna Ludlow, 2020-09-29 Ancient authors commonly compared writing with painting. The sculpting of the soul was also a common philosophical theme. *Art, Craft, and Theology in Fourth-Century Christian Authors* takes its starting point from such figures to recover a sense of ancient authorship as craft. The ancient concept of craft (*ars techné*) spans high or fine art and practical or applied arts. It unites the beautiful and the useful. It includes both skills or practices like medicine and music and productive arts like painting, sculpting, and the composition of texts. By using craft as a guiding concept for understanding fourth-century Christian authorship, this book recovers a sense of them engaged in a shared practice which is both beautiful and theologically useful, which shapes souls but which is also engaged in the production of texts. It focuses on Greek writers, especially the Cappadocians Basil of Caesarea, Gregory of Nazianzus, and Gregory of Nyssa, and John Chrysostom, all of whom were trained in rhetoric. Through a detailed examination of their use of two particular literary techniques, *ekphrasis* and *prosopopoeia*, it shows how they adapt and experiment with them in order to make theological arguments and in order to evoke a response from their readership.

Dramatizing Theologies Anthony G. Reddie, 2014-12-05 Black theology has flourished within the academy. Its theories, however, have not always translated into practical use for Black people. *Dramatizing Theologies* outlines the strong practical dimension of Black theology. Combining Black theology with dramatic dialogical sketch material, the book produces an accessible approach to Black theological dialogue. The chasm between the academy, church, and grassroots communities is overcome through the use of drama. *Dramatizing Theologies* offers a unique methodology for Black theological conversation with the poor, marginalized, and disenfranchised.

The Dragon in Medieval East Christian and Islamic Art Sara Kuehn, 2011-07-12 This book is a pioneering work on a key iconographic motif, that of the dragon. It examines the perception of this complex, multifaceted motif within the overall intellectual and visual universe of the medieval Iranian/Turkish world. Using a broadly comparative approach, the author explores the ever-shifting semantics of the dragon motif as it emerges in neighbouring Muslim and non-Muslim cultures. The book will be of particular interest to those concerned with the relationship between the pre-Islamic, Islamic, and Eastern Christian, especially Armenian, world. The study is fully illustrated with 209 b/w and full-colour plates, many of previously unpublished material. Illustrations include photographs of architectural structures visited by the author, as well as a vast collection of artefacts, all of which are described and discussed in detail with inscription readings, historical data, and textual
