A Bible-Based Chronology from the Creation to the Second Advent of Jesus Christ Jim Dodge, 2018-11-09 The Scriptures reveal that when we enter the latter days we will find ourselves in an increasingly chaotic world where godlessness and lawlessness rule the day During this time God's word will be neglected and twisted for self-serving agendas truth will become subjective and relative and entertainment idolatry liturgy and rituals will replace the Lord Jesus from being the central focus of worship in mainline churches In this Bible-based chronology the author examines where we are on God's timeline and more importantly why it's not too late to benefit from

God's incredible message of creation, redemption, and eternal life. Importantly for these end times, the Bible contains an amazingly accurate timeline dating from the Creation to the Second Coming. It's been intentionally hidden, but specific windows of time highlight the latter days. Celebrate God's imminent return and learn about the specific generation that will see all these things before it passes away, so that we as children of light should not let the day of the Lord's return overtake us as a thief in the night.

Dinosaurs, Dragons, and the Bible Bodie Hodge, 2023-05-09

Dinosaurs, Dragons, and the Bible is a one-of-a-kind Christian apologetic resource sure to captivate families, scientists, historians, and theologians. Using the Bible as the absolute authority, Bodie Hodge of Answers in Genesis, the Creation Museum, and the Ark Encounter provides answers to the most asked questions about these amazing creatures. As Christians, we must not ignore what the Scriptures say about dinosaurs and dragons and accept the secular world's wisdom. This ProBible handbook offers fascinating answers based on fossil footprints, soft tissue, biblical references to dragons, serpents, and leviathans, and much more. Go beyond the Hollywood version of these magnificent creatures to discover the truth of these icons of Creation and testaments of God's power in the Genesis Flood. Designed for almost all ages, the book answers questions such as: How Did Huge Dinosaurs Fit on the Ark? Are Dinosaurs and Dragons the Same Thing? How Do I Use the Bible as the Framework to Look at Dinosaurs? Were Dinosaurs on Noah's Ark and Did Any Go Extinct Before the Flood? Are Dinosaur Fossils in the Cretaceous, Jurassic, and Triassic Rock Millions of Years Old or from the Flood? Why Don't We Find the Word Dinosaur in the Bible? Are There Any Human and Dinosaur Fossils Buried Together? Dinosaurs are nearly synonymous with evolution in the minds of much of the world. Studying these answers will help Christian families, church leaders, scientists, and theologians develop greater faith in the infallibility of God's Word and His role as Creator.

A Note from the author Bodie Hodge: I want to encourage parents and churches to be able to respond biblically to the secular attacks war on our children. So as any good General would do in times of war, we need to study our opponent and know exactly what the secular side is teaching our children. Then get equipped with solid biblical answers from our highest commanding officer, God, and His Word to defend our children against the attacks. Then teach this knowledge diligently and apologetically to the next generation, like parents and churches are supposed to do.

The Oxford Handbook of the Bible in America Paul C. Gutjahr, 2017

Early Americans have long been considered "A People of the Book." Because the nickname was coined primarily to invoke close associations between Americans and the Bible, it is easy to overlook the central fact that it was a book, not a geographic location, a monarch, or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture. Few books can lay claim to such powers of civilization-altering influence. Among those which can are sacred books, and for Americans, principal among such books stands the Bible. This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions. It takes seriously the fact that the Bible is both a physical object

that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible's role in American cultural formation
