What Happened At Vatican II:

What Happened at Vatican II John W. O'Malley, 2010-09 A reliable even handed introduction to the to the Vatican Council II What Happened at Vatican II is the first of its kind and a critical resource for understanding the Catholic church today including the pontificate of Benedict XVI Vatican II Massimo Faggioli, 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism

Broken Promises Finbarr M. Corr Ed D., Finbarr M. Corr, 2012 To understand trends in the Roman Catholic Church since Vatican Council II 1962 1965 Finbarr Corr s new book Broken Promises is required reading With his skill as an Irish storyteller that was vividly evident in his prior books Corr a former priest constructs an important new window on what he describes as the Church s third major crisis since Jesus Christ established it on Simon Peter the Rock Drawing on decades of vital experience as a crusading priest innovative family therapist and provocative educator and author Dr Corr asks if the Church can survive its failure to follow through on the dictates of Vatican Council II which was initiated by Pope John XXIII to open up the windows of the church and let in some fresh air Dr Corr provides a fresh look at the fifty years since Vatican II and presents a rich study of the Church s relationship to the modern world Broken Promises provides new insights into this challenging topic Tom O Connell B A M A S F O Publisher of sanctuary777 com and Author of Power Politics Propaganda Observations of a Curious Contrarian

Vatican II John W. O'Malley, 2007-11-15 A collection of essays discussing the controversies surrounding Vatican II

Essential Vatican II Bellitto, Christopher M., 2024 Essential Vatican II identifies the controversies that emerged from Vatican II and the impact of the Council s themes on contemporary Church life The team of contributors comes from a variety of backgrounds methodologies personal experiences and vocations of ministry steeped in the Council Each chapter outlines the essentials of its topic explains what happened at Vatican II and why and most especially describes what s happened since Vatican II With over a half century of experience in diverse cultures each contributor asks What do we now see as the document s strengths and weaknesses Where has the document made a difference or not Where have its visions been

implemented or not What have the reactions for and against been and why What might the future hold What Ever Happened to Vatican II? Michael M. Winter,1985 **A Council for the Global Church** Massimo Faggioli,2015 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering convoked by Blessed John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and this book demonstrates why it is the key to understanding Catholicism and its inner tensions today **A Layman's Guide to Vatican II** Arnaud de Lassus,2019-10 Wondering what to think about the doctrinal deviations of Vatican II The laity cannot remain silent in the face of the errors that threaten their Faith While remaining in their place as laity they must fight these errors and at the same time know well profess and defend the truths to which these errors are opposed Fr Arnaud De Lassus The Layman's Guide to Vatican II is a summary of the need to know essentials from the Second Vatican Council It offers a concise outline of events an explanation of the Council origins and a breakdown of its key documents Using accessible language it proceeds with astounding clarity to define and explain each of the errors of Vatican II Topics of interest for the curious Catholic History of Vatican II Documents produced by Vatican II What are Religious Liberty Collegiality and Ecumenism Protestant inspired shift from a God focused Church to a man focused Church Departure of the Second Vatican Council from the traditional teachings of the Church This brief easy to read text is an aid for Catholics to better understand Vatican II and today's modern crisis If you're looking for quick access to the facts or simply trying to help others understand what really happened at the Second Vatican Council this book is for you **A Still and Quiet Conscience** John A. McCoy,2015-05-01 Through the life of a courageous bishop an absorbing look at the inner workings of the American Catholic Church how we got here and how it could be different Pope Francis has spoken of his desire for pastoral bishops shepherds who have the smell of the sheep The story of Raymond G Hunthausen archbishop of Seattle from 1975 1991 is about a bishop who epitomized this style and the price he paid The quintessential Vatican II bishop Hunthausen embraced the spirit of renewal reaching out to the laity women and those on the margins A courageous witness for peace he earned national attention when he became the first American bishop to urge tax resistance as a protest against preparations for nuclear war In doing so he ran against the Cold War policies of the Reagan Administration But he also came into conflict with Pope John Paul II's desire to reshape the American episcopacy This fascinating biography not only recounts a critical turning point for the American Catholic church it rekindles the vision of a more inclusive prophetic and compassionate church as people of God Publisher's description When Bishops Meet John W. O'Malley,2019-08-20 This unprecedented comparison of the three most recent Catholic councils traverses more than 450 years and examines the church's most pressing and consistent concerns issues of purpose power and relevance John O'Malley addresses key questions councils raised Who was in charge of the church And

what difference did the councils make **Vatican II** Madges, William, Daley, Michael, 2014-04-10 2013 Catholic Press Association Book Award 50th Anniversary of Vatican II 2nd Place Marking the fiftieth anniversary of the first session of Vatican II 1962-65 a watershed event in the history of the church whose meaning and interpretation continue to inspire heated debate In this book fifty distinguished authors including theologians journalists spiritual writers and pastoral leaders offer their own assessment of the meaning of the Council and its historic documents drawing in many cases on their personal experience as witnesses or participants The contributors are a who's who of modern Catholic and non-Catholic voices Francis X Murphy who as Xavier Rynne penned an inside account of the Council for The New Yorker magazine Martin E Marty Lisa Sowle Cahill John O Malley Joan Chittister Gregory Baum Michael Novak Basil Pennington Richard McBrien Cardinal Avery Dulles John Dominic Crossan Joseph Komonchak Brother Roger of Taizé Cardinal Francis Arinze Elizabeth Johnson David Hollenbach and many more For those who want to understand what happened at the Council as well as those concerned about the state of the church today and the agenda for the future these fifty personal stories provide an invaluable and inspiring resource *Vatican II* Peter A. Huff, 2011 Vatican II is known to every Catholic at least by name but we're a little skimpy on the details What happened there Why did it take place Why have there been mixed reactions to it Most importantly what is the impact of the Second Vatican Council on the People of the Church now Peter A Huff in *Vatican II Its Impact on You* answers these questions and more in a lively brief easy to read fresh overview of the event that has had the greatest impact on the Catholic experience today Vatican II the brainchild of Blessed Pope John XXIII spanned from 1962 to 1965 attracted 2,500 bishops to Vatican City and produced inspiring activity and documents from extraordinary personalities This book analyzes Vatican II's sources context decisions and ongoing impact Huff argues that we rightly associate the council with change but it is just as correctly portrayed as a strategic preservation of Catholicism's time-tested heritage While written from a Catholic perspective all Christians will find *Vatican II Its Impact on You* a fascinating look at a time in recent world history when truth and grace joined for what the author calls the most important religious event of the twentieth century Paperback View sample pages **Amoris Laetitia and the spirit of Vatican II** Mariusz Biliniewicz, 2018-05-20 *Amoris Laetitia* Pope Francis' post-synodal exhortation on love in the family turned out to be one of the most controversial documents of the Magisterium of the Catholic Church in recent decades It was published in April 2016 following the two Synods of Bishops on the Family held in 2014 and 2015 The document brought division amongst the Catholic hierarchy theologians and pastors and nearly two years after its publication the exact meaning of the document and its implications for the Church are still a matter of dispute A number of prelates present at the Synods indicated that these gatherings were animated by the spirit of Vatican II This work links the notion of the spirit of Vatican II with *Amoris Laetitia* and it argues that a hermeneutics of interpretation of the Second Vatican Council which focuses on following the spirit of the Council is the hermeneutics which can be and in the future most likely will be the predominant way of interpreting and implementing

Amoris Laetitia This book aims to provide a contribution to this hotly debated topic in the field of Catholic theology

Critical Mass: a Chronicle of the Catholic Church in the First Generation After Vatican II Tom Reidy, 2012-12-03 Critical Mass is an in depth look at what happened in the Catholic Church during the first generation after the Second Vatican Council a period corresponding to the pontificates of Paul VI through John Paul II The book starts with a close look at some key conciliar documents Other chapters study how Tradition was systematically dismantled the roles of the clergy and laity in the post Vatican II Church the mindsets of liberal traditional and conservative Catholics how the Church became a turgid bureaucracy all the way down to the parish level the dumbing down of religious education the Church's post Vatican II approach to social justice issues the influence of Radical Feminism on the Church The book concludes with an interesting even radical prognosis for the future

The Road to Vatican II Maureen Sullivan (O.P.), 2007 The Second Vatican Council produced a charter for the church of the twentieth century and beyond Part of the council's fascination is that it involves many stories The Road to Vatican II is an attempt to tell the story behind the stories of this landmark in church history Somehow more than 2 500 bishops who often disagreed on the most critical issues managed to produce sixteen documents that touched the very essence of the Catholic faith How is it possible that so much could have been accomplished in four brief council sessions from 1962-1965 How did the church move from Pius IX at Vatican I 1869-70 who espoused a rigid hierarchical model of church to John XXIII at Vatican II 1962-65 who ushered in a collegial *communio* model of church In answering these questions Sullivan's book highlights those theologians whose efforts over the years before the council were actually the seeds of what flourished at the council These theologians were indeed prophets among us often suffering because of their convictions Ultimately they were instruments of the Holy Spirit in our midst They offered the church a renewed vision of the faith and a methodology to facilitate theological endeavor They also rediscovered in the New Testament a language of life that could speak to contemporary men and women Hence this book presents the incredible theological changes that took place on the road to Vatican II it examines the contributions of some of the key theologians on this road and it finds evidence of their influence in key documents of the Second Vatican Council Book jacket

The Development of Moral Theology Charles E. Curran, 2013-11-08 Charles Curran in his newest book *The Development of Moral Theology Five Strands* brings a unique historical and critical analysis to the five strands that differentiate Catholic moral theology from other approaches to Christian ethics sin and the manuals of moral theology the teaching of Thomas Aquinas and later Thomists natural law the role of authoritative church teaching in moral areas and Vatican II Significant changes have occurred over the course of these historical developments In addition pluralism and diversity exist even today as illustrated for example in the theory of natural law proposed by Cardinal Ratzinger In light of these realities Curran proposes his understanding of how the strands should influence moral theology today A concluding chapter highlights the need for a truly theological approach and calls for a significant change in the way that the papal teaching office functions

today and its understanding of natural law In a work useful to anyone who studies Catholic moral theology *The Development of Moral Theology* underscores in the light of the historical development of these strands the importance of a truly theological and critical approach to moral theology that has significant ramifications for the life of the Catholic church

The Crisis of Authority in Catholic Modernity Michael J. Lacey, Francis Oakley, 2011-04-06 It is fairly clear that while Rome continues to teach as if its authority were unchanged from the days before Vatican II 1962-65 the majority of Catholics within the first world church at least take a far more independent line and increasingly understand themselves rather than the church as the final arbiter of decision making especially on ethical questions This collection of essays explores the historical background and present ecclesial situation explaining the dramatic shift in attitude on the part of contemporary Catholics in the U S and Europe *The Inside Story of Vatican II* Rev. Fr. Ralph Wiltgen, 1991-12-01 Only two years after the Second Vatican Council concluded in 1965 Catholics around the world welcomed the publication of *The Rhine Flows Into the Tiber* a history of the Council published worldwide in four languages Widely hailed for its balanced factual reporting this eye opening insider's account was written by Rev Ralph M Wiltgen a priest and professional journalist who was an eyewitness with unparalleled access to the principal figures and events of the Council *The Inside Story of Vatican II* is a revised updated edition of that ground breaking contemporary account which details in particular the crucial influence on the Council's proceedings exerted by its German speaking bishops As Catholics continue to debate the meaning and impact of Vatican II they will find this book an indispensable guide for understanding what actually took place there behind the scenes

Theological Highlights of Vatican II Pope Benedict XVI, 2009 Joseph Ratzinger's report on the debates and struggles that made up each of the four sessions of Vatican II 1962-65 along with theological commentary
