21 dated May 23 1965 *What Is Wrong with Black People? - How Post-slave Psychology and Afrocentricity are Joining with Colonialism to Undermine Black Africa's Cultural Integrity* Joe Mintsu,2007-12-24 The mood in the world today is such that either you believe that Black people are natural slaves or you believe that White people are evil by nature In either case you are in a stalemate you can't change nature can you Yet not only is it very improbable for someone to turn up slave or evil just by nature it is neither demonstrable that evil is conditioned by skin colour The question here is why should evil be White and why should evil's target be Black In other words what is wrong with evil always tending to choose Black In fact the actual question is what is wrong with Black people always tending to be evil's preferred targets This book simply personifies a totally different type of intuition where the most unsuspected and yet the most damning causes of the suffering and the struggles of Africans in today's world are not only laid open with courage but also resolved with vision *Being Black Not Much Has Changed* Sally S. Eko,2015-11-19 Being Black Not Much Has Changed Then Now and the Way Forward is about the movement of black people from Africa to North and South America their enslavement emancipation and their great contribution to their new home The colonization of Africa struggles for independence military coups the economy problems and how black people can move forward by developing Africa to make the continent a source of pride for black people are all discussed Black people have contributed a lot to the progress of the world in many ways Their free labor contributed to the development of the United States of America Their ingenuity and productivity resulted in the creation and invention of many things we use today This book wants to bring to light the goodness in black people because the world only acknowledges few among them too many that have contributed positively to the world are forgotten *The Dominant African-American Woman* Donald Sharief I,2009-04 *What Is Wrong With Leader Emergence?* Zeynep Aycan, Mustafa F. Expository Preaching in Africa Ezekiel A. Ajibade, 2021-06-30 How can expository preaching rooted in a textual analysis of Scripture be effectively utilized in oral cultures In Expository Preaching in Africa Ezekiel A Ajibade engages this challenge directly offering practical techniques for integrating African oral elements such as myths proverbs folklore dance drama poetry and storytelling into preaching that is both biblical and African Alongside numerous examples and tools Ajibade provides a rich overview of the nature of orality the history and development of African preaching and the reason biblical exposition must be central to gospel proclamation He reminds us that it is the word of God incarnated among us that has the power to transform lives and revitalize nations Contextualized expository preaching is not therefore one technique to be utilized among many it is rather the heart of biblical teaching and the future of the African church While contributing significantly to studies in contextualization and homiletics this book is immediately applicable to practitioners especially African preachers and those working in oral contexts

hope in the postcolonial Africa The sacred Wariboko argues is not about religion or divinity but the set of possibilities opened to a people or denied them the sum total of possibilities conceivable given their level of social technological and economic development These possibilities profoundly speak to the present political moment in sub Saharan Africa The Spirit Renews the Face of the Earth Amos Yong,2009-04-01 This collection of essays was first presented at the 37th annual meeting of the Society for Pentecostal Studies held jointly with the Wesleyan Theological Society at Duke University in March 2008 under the conference theme Signs Sighs and Significance Pentecostal and Wesleyan Explorations of Science and Creation Along with a companion volume of Wesleyan essays published also by Pickwick Publications the twelve chapters here represent both Pentecostal reflections responses to the science religion discussion and Pentecostal contributions to the ongoing exchange by biblical studies specialists historians and theologians among those trained in other disciplines Together the essayists model an actual dialogue in which Pentecostal scholarly reflection is impacted by science religion discourses on the one hand while Pentecostals reach deep into their own tradition to explore how their pre understandings and commitments might enable them to speak with their own voice into pre existing conversations on the other hand This volume thus represents one of the first hopefully the first of many in which Pentecostals register their perspectives on a major issue of our time In a world dominated by science and at a time when theologies of creation that encourage and require care for creation and the environment are proliferating The Spirit Renews the Face of the Earth provides a set of Pentecostal perspectives on these important matters **Coup '66** Emmanuel Aghado,2012 This book was written solely from the outcome of a melancholic temperament Everyone in this world experiences changes in moods or states of condition but melancholic people tends to be creative on any type of mood they re in be it a happy or a sad mood This is just a creativity born out of a sad mood and it has the ability of invading the reader s thoughts with sadness pity and poignancy Afrikan Mind Reconnection & Spiritual Re-Awakening Dr. Lumumba Umunna Ubani,2011-01-17 The need for Afrikan mind regeneration and spiritual reawakening A people who have lost these two principal inner qualities of mind can hardly find their through selves in life This book is an attempt to begin the processes of African self rediscovery The ending of slavery and colonialism removed only our physical agony but the trauma of long and extended torture left deep rooted anguish within the psyche of African race The effects of this imprint legacy will continue until we start addressing these negative effects In an effort to do this the book has provided several suggestions Some of the program are being provided at the Institute of Mind Talk Afrika **Humility** Justin Steinberg,2025-10-08 Humility A History a collection of original chapters and reflections explores the ethical political and philosophical implications of humility Drawing on historical analyses of humility from Plato to the present the new essays gathered in this volume pose timely questions about virtue disagreement and tolerance Rewriting Your Family History Dr. Steve Ogan,2013-01-17 Most families have one negative heritage or another associated with them Some have struggled with these evil foundations for centuries Others have accepted persistent

reproaches as their lot in life Yet others in an attempt to change the tides of calamities have sought for solutions in places that compounded their situation What do you do when you notice the scourge of premature death in your family How do you explain the persistence of poverty in the midst of plenty Why do some family members work like elephants and eat like ants Why are women in certain families unable to keep their husbands Why is divorce a mark of identification for some families These are the concerns we have chosen to address in this book on principles of dealing with evil heritage *What's Wrong With My Culture?* Jason Banks, 2021-06-10 This is one man's coming to terms with all the negative decisions he's made throughout his life as well as the influence his culture has had on these decisions in his life He attempts to dissect and analyze some of the prevalent and erroneous mindsets within the Black community where they come from as well as how they are holding African American men and women back today The way in which he relates his experiences in his life through the lens of his culture makes this a deep and honest examination of Black culture as a whole This is guaranteed to resonate with anyone concerned with the state of large swathes of the African American communities throughout the country This isn't a story of the man is holding us down This is a story of how these men and women became and are holding us back from being the men and women we were destined to be Jason Banks asks himself the hard questions to come up with the answers contained in this book It is an open honest at times uncomfortable insight into one Black man's life that took the wrong fork in the road This book is an attempt to influence his culture for the better so others may succeed where he failed Readers will be afforded the same insight by simply reading and taking the journey with him
