What It Means To Be A Democrat:

Democratic Anxieties Mario Feit, 2011-03-15 *Democratic Anxieties* Same Sex Marriage Death and Citizenship proceeds from the surprising parallels between straight and gay opponents of same sex marriage With their apocalyptic rhetoric they inadvertently point to a frequently neglected existential dimension of democratic citizenship *Democratic Anxieties* argues that we must pay attention to the existential significance of democratic citizenship because otherwise we end up with anxious democracy a democracy that cannot fully embrace pluralism especially when the connections between sex death and citizenship are at stake This book pursues a less anxious conception of democratic citizenship in chapters on Jean Jacques Rousseau Hannah Arendt and Friedrich Nietzsche Feit reveals how Rousseau diminishes democratic citizenship by linking it to existential consolation via sexual reproduction He interprets Arendt as a queer theorist because she rejects the heteronormative pursuit of reproductive immortality Yet the hope for immortality persists within Arendt's conception of political action which delimits its democratic potential Feit argues that Nietzsche resists both Rousseau's political idealization of heterosexuality and Arendt's anxious alternative Calling for an affirmation of death Nietzsche creatively reimagines sexual as well as cultural reproduction that is pluralizes democratic citizenship The resulting more existentially aware democratic politics not only contributes to lesbian and gay equality but is also critical in a post September 11 world

Munsey's Magazine, 1911 *Munsey's Magazine for ...*, 1912 *Basic Economics for Conservative Democrats* Lyndon LaRouche, As I spell the point out in the main text of this book a sound national economic policy in the tradition of Alexander Hamilton enables us to simultaneously increase profits and wages This can be accomplished in only one way It is accomplished by transforming scientific and technological advances into what Hamilton termed artificial labor machines which use sources of energy above and beyond the energy of the human musculature In the overall life of our nation or any nation for that matter neither business nor labor can prosper without a policy of promoting technological progress through the means of improved investment in productive capital Once business and labor recognize that they both have the same overall fundamental national economic policy interest in common that understanding establishes a mass electoral basis of support for the kinds of policies which business farmers and labor as a whole rightly demand **Democratic Ideal and the Shoah,**

The , The Age of the Democratic Revolution R. R. Palmer, 2014-06-01 For the Western world the period from 1760 to 1800 was the great revolutionary era in which the outlines of the modern democratic state came into being Here for the first time in one volume is R R Palmer's magisterial account of this incendiary age Palmer argues that the American French and Polish revolutions and the movements for political change in Britain Ireland Holland and elsewhere were manifestations of similar political ideas needs and conflicts Palmer traces the clash between an older form of society marked by legalized social rank and hereditary or self-perpetuating elites and a new form of society that placed a greater value on social mobility and legal equality Featuring a new foreword by David Armitage this Princeton Classics edition of *The Age of the Democratic*

Revolution introduces a new generation of readers to this enduring work of political history *The Public* Louis Freeland Post, Alice Thacher Post, Stoughton Cooley, 1903 **Democratic Legitimacy** Frederick M. Barnard, 2001-11-10 Barnard argues that Western democracy if it is to continue to exist as a legitimate political system must maintain the integrity of its application of performative principles Consequently if both social and political democracy are legitimate goals limitations designed to curb excessive political power may also be applicable in containing excessive economic power Barnard stresses that whatever steps are taken to augment civic reciprocity the observance and self imposition of publicly recognized standards is vital Democratic Legitimacy will appeal to political scientists and philosophers as well as specialists in democratic theory **American Economist** ,1912 **The Literary Digest** ,1891 *Populist Parties and Democratic Resilience* Ben Crum, Alvaro Oleart, 2023-02-02 Populist Parties and Democratic Resilience focuses on populist parties as the main agents of populism and examines when these parties turn anti democratic and when they remain loyal to the democratic system Following the Brexit referendum the election of Donald Trump and the rise of populist parties around the globe many observers suggested that democracy was in serious trouble Nevertheless while some democratic systems have been seized by populists most of them have proven resilient In this volume the authors identify the conditions under which populist parties become inimical to political and societal pluralism They offer in depth analyses of the trajectory of populist parties in eleven European Union countries Austria Belgium Czech Republic France Germany Hungary Italy The Netherlands Poland Romania and Spain The book shows that reflecting the diversity of national contexts there are multiple pathways whereby populist parties power can remain contained and subject to democratic checks and balances Moreover populist parties can at times voluntarily at other times by force of external conditions come to adhere to the democratic rules of the game On this basis the volume outlines different ways in which European democracies can successfully accommodate populist parties through strategies that carefully navigate between the extremes of uncritical acceptance and outright ostracization Drawing on the literature on democratic theory and comparative politics this book directly contributes to the public debate on the state of democracy in Europe It will be of interest to researchers of comparative politics European politics party politics democracy and populism *Digest* ,1891 **Tariff League Bulletin** ,1902 *Public Opinion* ,1887 **The Medical World** ,1903 **Pettengill's Newspaper Directory and Advertisers' Hand-book** Pettengill, firm, Newspaper Advertising Agents, 1877 **Harlow's Weekly** ,1922 **Business Philosopher** ,1908 *U.S. Economy, and Proposals to Provide Middle-income Tax Relief, Tax Equity and Fairness, Economic Stimulus and Growth: December 5, 6, 17, and 18, 1991* United States. Congress. House. Committee on Ways and Means, 1992 Pettengill's Newspaper Directory and Advertisers' Hand-book ... Pettingill, firm, newspaper advertising agents, 1877
