Church Plantology Peyton Jones,2021-04-20 The first comprehensive textbook on effective church planting from a veteran church planter The Apostle Paul was a veteran church planter who laid a foundation like a wise and master builder and there is much we can learn from his example Paul indicated that there were basic skills and experiences required to successfully plant a church Church Plantology examines the wide variety of church planting methods and ideologies in contemporary pastoral practice and outlines a biblical model based on the New Testament During his time in prison Paul spent much of his time writing to Titus Timothy and others who d served alongside him in the trenches to complete their training as church

plantings We can continue to apply these time tested proven methods following the pioneering example of the early church Today the casualty rate in is high What if we could reduce the odds of failing Church Plantology by Peyton Jones is a robust guide to planting that will help planters to provide the foundation necessary to survive beyond the initial first years so that they don t end up a walking statistic

Gardens in

the Wasteland Bjorn Asserhed, 2025-08-04 Gardens in the Wasteland is an ethnographic study of Christian formation within three Swedish church plants working against a backdrop of advanced secularization The thesis analyses the formative practices employed by these church plants with the intention of forming persons towards a lived Christian identity Employing a situated learning theory framework it traces the formative trajectories and negotiations that emerge from these shared practices and also examines the articulations of callings and intentions within these church plants The findings reveal that the establishment of a church plant often stems from a sense of place oriented calling that encompasses a vision of vibrant Christian life and community These church plants cultivate formative practices aimed at certain teloi that guide individuals on their journeys towards a lived Christian identity Through participation in these practices individuals align them selves with the church plant s vision of Christian life This identity formation process is not static but rather involves ongoing negotiations both on a personal and community level as individuals grapple with the meaning of Christian identity and faith amidst an increasingly secularized society

Future Church Will Mancini, Cory Hartman, 2020-12-01 Church growth models have often been long on promises and short on disciple making We continue to watch consistent church attendance shrink and our desire to reach the lost is infected with a need for self validation by growing our numbers at any cost If we believe that God wants his church to grow where do we go from here What is the future of the church Drawing from his 20 years and 15 000 hours of consulting author Will Mancini shares with pastors and ministry leaders the single most important insight he has learned about church growth With plenty of salient stories and based solidly on the disciple making methods found in Scripture Future Church exposes the church s greatest challenge today and offers 7 transforming laws of real church growth so that we can faithfully and joyfully fulfill Jesus s Great Commission
