Word Study, 1928 *Rhythms of College Success* Stephen Piscitelli, Steve Piscitelli, 2007

For courses in Student Success or First Year Experience, his message is memorable, his energy is contagious. Building on Steve Piscitelli's classroom experiences and workshops, his new book *Rhythms of College Success: A Journey of Discovery, Change, and Mastery* focuses on the whole student, both internally and externally. It embraces the power of personal choice and addresses the sometimes competing needs of first-year students. Using a universal theme of music, the book offers memorable messages that show how respect, responsibility, reflection, and renewal can fuel student success. Throughout the text, readers are introduced to the 4R's and how these, along with change and life balance, impact one's future and one's success. More than 100 activities, 75 figures, and innovative part openers keep students engaged and help them on their own journey of discovery, change, and mastery.

Proceedings of the Natural History Society of Fokien Christian University, Foochow, China, 1928 **Proceedings** Fu-chien hsieh ho ta hsueh. Natural History Society, 1928 **Reading for Thinking** Laraine E. Flemming, 2005-02-16

The Fifth Edition of *Reading for Thinking* continues to focus on developing students' comprehension and critical thinking skills. Flemming uses a carefully designed sequence of explanations and exercises that allows students to approach critical reading as a natural extension of essential comprehension skills rather than a discrete set of new strategies. Armed with the ability to both analyze and evaluate a writer's work, students are encouraged to apply those twin intellectual tools to Flemming's trademark high-interest readings to determine purpose, analyze evidence, detect bias, recognize tone, and compare opposing points of view.
