

### **Project Proposal – Theater for Peace**

This project is planned to take place in the extensive slums of Ahmedabad, the capital city of Gujarat, India. Various religious and ethnic groups namely Hindus and Muslims, but also Christians and Sikhs live together in a very limited space, sharing a marginal existence. Aggravated by the precarious economic condition, competition for scarce resources (income opportunities, access to minimal infrastructure, etc.) is harsh and injustices based on religion, caste, social class or gender seriously threaten the fragile balance and social cohesion of this mixed society. Particularly tensions between Hindus and Muslims pose a major challenge to peace. This was most brutally manifested during the "Gujarat violence" between February and May 2002, killing a total of 1'044 people (790 Muslims and 254 Hindus)<sup>2</sup> and injuring another estimated 2'500 persons. In order to effectively prevent future violent outbreaks of violence, the project aims not only to address the direct causes of violence, but also its structural and cultural aspects, namely the systematic exclusion of the most underprivileged to social services and economic opportunities (schools, employment, health services etc.) and its cultural justifications, to be precise the caste system, religious discriminations and gender inequalities. The ones who most suffer under these injustices are the children and youths, often not having access to the most fundamental goods and services such as sufficient nutrition, housing, health and basic education. It is this new generation which shall be the focus this project, as they are not only the most vulnerable and defenseless, but also because our hope for a better world lies in their hands.

The proposed project, called *theater for peace* will be carried out in close partnership with the Indian Educational and Charitable Trust VIDYA<sup>3</sup> based in Ahmedabad. VIDYA was formed in the year 2000 with the purpose of training sixteen slum dwellers as a professional company of performers, educators, political activists, and workshop leaders. This has provided permanent employment and valuable skills to these individuals, as well as facilitated their ability to promote critical consciousness and practical solutions within their own communities and beyond. In working towards these goals, the company has been guided by the very influential theatrical methodology developed by Brazilian director Augusto Boal and his pedagogy of "Theater of the Oppressed" or "Forum Theatre". Since 2003, VIDYA has been busy organizing educational projects, script-writing workshops, many performances, as well as a variety of intriguing programs targeting community development and the dissemination of creative solutions in order to improve the living conditions of the poorest citizens.

The "Theatre of the Oppressed" emerged during the 1970s in the slums of Brazil, its main creator is the Brazilian dramaturge Augusto Boal. The goal of this theater method consists in understanding theater as a social tool for solving ethic and social conflicts in an innovative and experimental manner. Its procedure is simple and easy applicable: A particular conflictive situation which is negatively affecting a group of individuals or the society as such is expressed in an unconventional and interactive theater play. The individuals who have a stake in the conflict represent their situation directly as actors in the play. Thereby they frequently change their roles, representing one time the oppressor, and another time the oppressed. Through this virtual change of characters, their capacity for empathy, tolerance and mutual understanding is enhanced. The play is carried out under the supervision of a moderator, called the joker, who initiates, moderates and intervenes as an arbiter in the process of the representation. As the example of VIDYA shows, this theater method has been applied in the last decades not only in Brazil, but also in other parts of the world<sup>4</sup>, including India.<sup>4</sup>
