emancipation - The "gaze of the Other" in Zora Neale Hurston's "Their Eyes Were Watching God" Julia Balogh, 2011-09-12 Seminar paper from the year 2007 in the subject English Language and Literature Studies Literature grade 1.3 University of Trier language English abstract Whenever we encounter people in our lives we automatically and instantly label them and sort them into certain categories For example a woman with short hair who wears clothes that are generally assumed to be more likely worn by men will often be expected to be a lesbian A bodily disabled person meanwhile may cause great surprise in many people when he or she proves to be an excellent athlete There are innumerable stereotypes or general assumptions that are created in relation to a person's looks biology and physiognomy which have an enormous impact on our perception of our environment They weave a very complex construct of beliefs about what is natural for a person to be and do which sociologists seem to have proven e.g. for the concept of race It has been created by society itself and only gains its seeming legitimacy in its members' incorporation of these values and according behavioral patterns What does not fit in these created schemes is most often discriminated against while in reality the supposed otherness or unnaturalness only exists through the myths woven around a person's outer appearance However on the background of this dynamic through the gaze of the other and depending on the extent to which they incorporate these societal ideas subjugated people and groups may actually become the way they are seen They apply the generally assumed characteristics of their sex or race to themselves and thus give them their seeming legitimacy while in fact race gender age or whichever roles must not be seen as static but as moving things Hurston 191 In the following I will try to depict how Janie the female protagonist in Zora Neale Hurston's *Their Eyes Were Watching God* emancipates herself from the beliefs and values her environment tries to impose on her
