Ernest Krausz

Women In The Kibbutz:

Gender and culture Melford Elliot Spiro, 1980 **Women in the Kibbutz** Lionel Tiger, Joseph Shepher, 1975 Our data show that although some 10 to 15 per cent of the women in the kibbutz express dissatisfaction with their sociosexual roles the overwhelming majority not only accept their situations but have sought them They have acted against the principles of their socialization and ideology against the wishes of the men of their communities against the economic interest of the kibbutzim in order to be able to devote more time and energy to private maternal activities rather than to economic and political public ones Obviously these women have minds of their own despite obstacles they are trying to accomplish what women elsewhere have been periodically urged to reject by critics of traditional female roles from the book *Gender & Culture* Melford E. Spiro, 1979 Based on a study of the Israeli kibbutz movement *Gender and Culture* discusses the differences in male and female orientations to marriage the family and work Spiro describes the counterrevolution in the kibbutz movement as it evolved over a quarter century period The kibbutz Spiro first studied Kiryat Yedidim was thirty years old at the time and he returned there twenty five years later Spiro initially found that the pioneers of the kibbutz movement in their attempt to implement their vision of a society based on sexual equality had created a revolution in the character of marriage the structure of the family patterns of child rearing and the sexual division of labor The counterrevolution he found twenty five years later was no less fascinating a return to certain important features of the prerevolutionary forms of these social institutions This return to tradition has been the work primarily of the young women who born and raised in the kibbutz had been inculcated with the revolutionary ideology of the kibbutz pioneers Studying the same community after a twenty five year interval enables readers to observe the children of the first study as adults in the follow up study This longitudinal dimension provides the most important basis for the interpretations offered in *Gender and Culture* A new introduction discusses additional even more radical changes that have occurred since the book s original publication in 1979 situating the kibbutz experience in the context of contemporary gender studies and feminist thought The book will be of continuing importance for sociologists anthropologists psychologists and women s studies scholars **Israeli Women's Studies** Esther Fuchs, 2005 The purpose of the present anthology is to bring together select and organize the publishing work that has been done in the last two decades The idea is to highlight current state of the art essays and point to an evolutionary trajectory from the earlier pioneering essays to the voices that define the field today *Women in the Kibbutz* Lionel Tiger, Joseph Shepher, 1975 **The Role of Women in a Kibbutz** Selma Koss Brandow, 1974* *Family and Community in the Kibbutz* Yonina Garber-Talmon, Yonina Talmon, 1974 Some fundamental questions about the individual and the family in communal life are raised in this first collection of essays in English by Israeli sociologist Yonina Talmon The author who hitherto has been known to students of revolutionary and collectivist societies mainly through her journal articles was engaged in an extensive study of the kibbutz at the time of her death in 1966 The decade of research conducted in

representative kibbutzim in cooperation with the Federation of Kevutzot and Kibbutzim included interviews with kibbutz members as well as observation of kibbutz life. The author gives here a general report on the findings followed by the results of seven specific investigations that shed light on major problems of many societies: social structure and family size, children's sleeping and family eating arrangements, occupational placement of the second generation, mate selection, aging, social differentiation, and secular asceticism. This collection of essays, writes S. N. Eisenstadt in his Introduction, represents a landmark in the development of the sociological study of the kibbutz movement. Yonina Talmon's work not only opened up the kibbutz to sociological research but put the research on kibbutz life in the forefront of sociological thinking and analysis.

One Hundred Years of Kibbutz Life Michal Palgi, 2017-07-05. One Hundred Years of Kibbutz Life shows that the kibbutz thrives and describes changes that have occurred within Israel's kibbutz community. The kibbutz population has increased in terms of demography and capital, a point frequently overlooked in debates regarding viability. Like the kibbutz founders who established a society grounded in certain principles and meeting certain goals, kibbutz newcomers seek to build an idealistic society with specific social and economic arrangements. The years 1909-2009 marked a century of kibbutz life: one hundred years of achievements, challenges, and creative changes. The impact of kibbutzim on Israeli society has been substantial but is now waning. While kibbutzim have become less relevant in Israeli policy and politics, they are increasingly engaged in questions of environmentalism, education, and profitable industries. Contributors discuss the hopes, goals, frustrations, and disappointments of the kibbutz movement. They also examine reform efforts intended to revitalize the institution and reinforce fading kibbutz ideals. Such solutions are not always popular among kibbutz members, but they demonstrate that the kibbutz is an adaptive and flexible social organization. The various studies presented in this book clarify the dynamism of the kibbutz institution and raise questions about the ways in which residential arrangements throughout the world manage change.

Sociology of the Kibbutz Ernest Krausz, 2020-10-28. This is the second volume of the publication series of the Israeli Sociological Society whose object is to identify and clarify the major themes that occupy social research in Israel today. Studies of Israeli Society gathers together the best of Israeli social science investigation which was previously scattered in a large variety of international journals. Each book in the series is introduced by integrative essays. The contents of volume two focus on the sociology of a unique Israeli social institution: the kibbutz. Kibbutz society constitutes an important laboratory for the investigation of a variety of problems that have been of perennial concern to the social sciences. Topics in this volume include relevant contemporary issues such as the dynamics of social stratification in a classless society, the function and status of the family in a revolutionary society, relations between generations, industrialization in advanced rural communities, and collective economies versus the outside world. The questions of the concept and development of the kibbutz, social differentiation and socialization, and work and production within the kibbutz possess a significance far beyond their immediate social context. Does the kibbutz offer a model for an alternative communal lifestyle for the modern world? How has

the kibbutz changed over the past decades within the context of a rapidly modernizing Israeli society Emphasizing the nonfailure of the kibbutz experiment and contrasting it with many socialist cooperative and communal experiments that clearly did fail Martin Buber in his analysis attributes this success to the kibbutz's undogmatic character its ability to adapt structures and institutions to changing conditions while preserving its essential values and ideals This volume presents an excellent review of the social research undertaken on the kibbutz in the past decades and provides an introduction to the growing scientific literature on the kibbutz Contributors Melford E Spiro Menachem Rosner Martin Buber Joseph Ben David Daniel Katz Naftali Golomb Erik Cohen Arye Fishman Michael Saltman S N Eisenstadt Eva Rosenfeld Amitai Etzioni Ephraim Yuchtman Eliezer Ben Rafael Nissim Cohen Yonina Talmon Garber Joseph Shepher Lionel Tiger Edward C Devereux Reuben Kahane Ivan Vallier David Barkin John W Bennet Yehuda Don Uri Leviatan Eliette Orchan Shimon Shur and David Glanz

Jewish Women's History from Antiquity to the Present Rebecca Lynn Winer, Federica Francesconi, 2021-11-02 This publication is significant within the field of Jewish studies and beyond the essays include comparative material and have the potential to reach scholarly audiences in many related fields but are written to be accessible to all with the introductions in every chapter aimed at orienting the enthusiast from outside academia to each time and place
