The World Of Persian Literary Humanism:

The World of Persian Literary Humanism Hamid Dabashi, 2012-11-20 Humanism has mostly considered the question What does it mean to be human from a Western perspective Dabashi asks it anew from a non European perspective in a groundbreaking study of 1 400 years of Persian literary humanism He presents the unfolding of this vast tradition as the creative and subversive subconscious of Islamic civilization

The Shahnameh Hamid Dabashi, 2019-01-08 The Shahnameh an epic poem recounting the foundation of Iran across mythical heroic and historical ages is the beating heart of Persian literature and culture Composed by Abu al Qasem Ferdowsi over a thirty year period and completed in the year 1010 the epic has entertained generations of readers and profoundly shaped Persian culture society and politics For a millennium Iranian and Persian speaking people around the globe have read memorized discussed performed adapted and loved the poem In this book Hamid Dabashi brings the Shahnameh to renewed global attention encapsulating a lifetime of learning and teaching the Persian epic for a new generation of readers Dabashi insightfully traces the epic s history authorship poetic significance complicated legacy of political uses and abuses and enduring significance in colonial and postcolonial contexts In addition to explaining and celebrating what makes the Shahnameh such a distinctive literary work he also considers the poem in the context of other epics such as the Aeneid and the Odyssey and critical debates about the concept of world literature Arguing that Ferdowsi s epic and its reception broached this idea long before nineteenth century Western literary criticism Dabashi makes a powerful case that we need to rethink the very notion of world literature in light of his reading of the Persian epic

Iranian Identity and Cosmopolitanism Lucian Stone, 2014-07-31 Since cosmopolitanism has often been conceived as a tenet of Western civilization that emanates from its Enlightenment based origins in a humanist age of modernity Iranian Identity and Cosmopolitanism Spheres of Belonging advances a highly innovative gesture by contemplating the implications and relevance of the idea in a so called non Western cultural territory The particularities of the Iranian and Islamic context shed new light on advancements and obstacles to cosmopolitan praxis The volume provides four principle disciplinary assessments of cosmopolitanism philosophy political science sociology and cultural studies including literary criticism The authors in this collection critically examine topics including the historical encounter between Iranian and Western thinkers and its impact on Iranian political ideals the tension between maintaining apolitical theology rooted in metaphysical assumptions and the prerequisite of secularism in cosmopolitan and democratic philosophies This highly innovative volume will be of interest to scholars and students of Middle Eastern and Iranian Studies Islamic Studies Globalization Political Science and Philosophy

The Persian Prince Hamid Dabashi, 2023-06-06 With its title borrowed from Machiavelli The Persian Prince goes far beyond Machiavelli s wildest imagination as to how to rule the world Hamid Dabashi articulates a bold new idea of the Persian Prince a metaphor of political authority a figurative ideal deeply rooted in the collective memories of multiple nations and a literary construct that connected Muslim empires across time and space and continues to

inform political debate today Drawing on works from Classical Antiquity and the vast Persianate worlds from India to the Mediterranean as well as the Hebrew Bible and European medieval mirrors for princes Dabashi engages a diverse body of political thought to reveal the construction of the Persian Prince as a potent archetype He traces this archetype through its varied historic gestations and finds it resurfacing in postcolonial political thought as a rebel a prophet a poet and a nomad Bringing poetics and politics together Dabashi shows how this archetypal figure has long defined political authority throughout the wider Iranian and Islamic worlds With meticulous attention to literary and poetic texts moral and philosophical treatises allegorical and anecdotal stories sacred and secular evidence visual and performing arts histories of global empires and colonial conquests this sweeping work offers a deeply learned richly erudite and transformative piece of critical thinking As Dabashi shows the Persian Prince remains the stuff of current debate across the Muslim and Persianate worlds in contestations over the public domain and the collective will to power and above all in the prospects of democratic institutions *Unsettling Colonial Modernity in Islamicate Contexts* Kara Adbolmaleki, Roxana Akhbari, Siavash

Saffari, 2017-05-11 By focusing on colonial histories and legacies this edited volume breaks new ground in studying modernity in Islamicate contexts From a range of disciplinary perspectives the authors probe colonial modernity as a condition whose introduction into Islamicate contexts was facilitated historically by European encroachment into South Asia the Middle East and Northern Africa They also analyze the various modes through which in Europe itself and in North America by extension people from Islamicate contexts have been and continue to be otherized in the constitution and advancement of the project of modernity The book further brings to light a multiplicity of social political cultural and aesthetic modes of resistance aimed at subverting and unsettling colonial modernity in both Muslim majority and diasporic contexts Iran Hamid Dabashi, 2016-10-05 In this unprecedented book Hamid Dabashi provides a provocative account of Iran in its current resurrection as a mighty regional power Through a careful study of contemporary Iranian history in its political literary and artistic dimensions Dabashi decouples the idea of Iran from its colonial linkage to the cliché notion of the nation state and then demonstrates how an aesthetic intuition of transcendence has enabled it to be re-conceived as a powerful nation This rebirth has allowed for repressed political and cultural forces to surface redefining the nation's future beyond its fictive postcolonial borders and autonomous from the state apparatus that wishes but fails to rule it Iran's sovereignty Dabashi argues is inaugurated through an active and open-ended self-awareness of the nation's history and recent political and aesthetic instantiations as it has been sustained by successive waves of revolutionary prose poetry and visual and performing arts performed categorically against the censorial will of the state Constructing Nationalism in Iran Meir Litvak, 2017-04-21 Nationalism has played an important role in the cultural and intellectual discourse of modernity that emerged in Iran from the late nineteenth century to the present promoting new formulations of collective identity and advocating a new and more active role for the broad strata of the public in politics The essays in this volume seek to shed
