Theorizing Feminist Policy Gender And Politics

**Emma Jeanes, David Knights, Patricia
Yancey Martin**

Theorizing Feminist Policy Gender And Politics:

Theorizing Feminist Policy Amy Mazur, 2002-02-07 This title defines and examines this field in the context of non feminist policy studies It also examines feminist policy as a significant emerging area of government action From empirical research results it concludes that under certain conditions democracies can develop feminist policies Theorizing Feminist Policy

Amy G. Mazur, 2002 Politics, Gender, and Concepts Gary Goertz, Amy G. Mazur, 2008-11-13 A critique of concepts has been central to feminist scholarship since its inception However while gender scholars have identified the analytical gaps in existing social science concepts few have systematically mapped out a gendered approach to issues in political analysis and theory development This volume addresses this important gap in the literature by exploring the methodology of concept construction and critique which is a crucial step to disciplined empirical analysis research design causal explanations and testing hypotheses Leading gender and politics scholars use a common framework to discuss methodological issues in some of the core concepts of feminist research in political science including representation democracy welfare state governance and political participation This is an invaluable work for researchers and students in women s studies and political science

The Oxford Handbook of Gender and Politics Georgina Waylen, 2013-04-04 The Oxford Handbook of Gender and Politics brings to political science an accessible and comprehensive overview of the key contributions of gender scholars to the study of politics and it shows how these contributions produce a richer understanding of politics and societies The Oxford Handbook of British Politics Matthew Flinders, 2009-07-16 The Oxford Handbook of British Politics provides the most sophisticated and up to date analysis of British politics to date Essential for all those working in the area Gender Politics and Security Discourse Laura McLeod, 2015-07-16 This book investigates competing modes of thought about gender security and aims to understand the policy implications of personal political imaginations The work draws upon extensive research conducted by the author in Serbia to develop a comprehensive picture of how feminist and women s organising relates to the broader national and international contexts surrounding gender security Through an innovative analytical framework of personal political imaginations the book explores the role that memories perceptions and hopes about conflict and post conflict have upon the logics of gender security It investigates how contrasting and competing modes of thought about gender security are made paying attention to how the dynamics of gender politics in Serbia shape the security discourse and narratives of activists The volume explores in detail how feminist and women s organisations have responded to UNSCR 1325 by analysing two policy debates and campaigns that seek to achieve its goals and gender security in Serbia 1 feminist antimilitarism and 2 connecting domestic violence to the abuse of small arms and light weapons Ultimately the book argues that the configuration of gender security discourse is intimately linked to personal political imaginations of conflict and post conflict This book will be of much interest to students of gender politics conflict studies critical security studies European politics and IR in general *Handbook of Gender, Work and Organization* Emma Jeanes, David Knights, Patricia Yancey

Martin,2012-03-02 This work of reference represents a remarkably complete detailed and extensive review of the field of gender work and organization in the second decade of the 21st century Its authors represent eight countries and many disciplines including management sociology political science and gender studies The chapters by top scholars in their areas of expertise offer both reviews and empirical findings and insights and challenges for further work The chapters are organized in five sections Histories and Philosophies Organizing Work and the Gendered Organization Embodiment Globalization and Diversity Theoretical and conceptual developments at the cutting edge of the field are explicated and illustrated by the handbook s authors Methods for conducting research into gender work and organization are reviewed and assessed as well as illustrated in the work of several chapters Efforts to produce greater gender equality in the workplace are covered in nearly every chapter in terms of past successes and failures Military organizations are presented as one of the difficult to change in regards to gender with the result that women are marginalized in practice even when official policies and goals require their full inclusion The role of the body embodiment is emphasized in several chapters with attention both to how organizations discipline bodies and how organizational members use their bodies to gain advantage Particular attention is paid to sexuality in and organizations including sexual harassment policies to alleviate bias and the likelihood that future work will pay more attention to the body s presence and role in work and organizations Many chapters also address change efforts that have been employed by individuals groups and organizations including transnational ones such as the European Union the United Nations and so on In addition to its value for teachers and students within this field it also offers insights that would be of value to policy makers and practitioners who need to reflect on the latest thinking relating to gender at work and in organizations *The Gender Politics of Domestic Violence* Andrea Krizsán,Conny

Roggeband,2017-11-22 What are the factors that shape domestic violence policy change and how are variable gendered meanings produced in these policies How and when can feminists influence policy making What conditions and policy mechanisms lead to progressive change and which ones block it or lead to reversal *The Gender Politics of Domestic Violence* analyzes the emergence of gender equality sensitive domestic violence policy reforms in Central and Eastern Europe CEE Tracing policy developments in Eastern Europe from the beginning of 2000s when domestic violence first emerged on policy agendas until 2015 Andrea Krizs n and Conny Roggeband look into the contestation that takes place between women s movements states and actors opposing gender equality to explain the differences in gender equality sensitive policy outputs across the region They point to regionally specific patterns of feminist engagement with the state in which coalition building between women s organizations and establishing alliances with different state actors were critical for achieving gendered policy progress In addition they demonstrate how discursive contexts shaped by democratization frames and opposition to gender equality led to differences in the politicization of gender equality making gender friendly reforms more feasible in some countries than others **Gender Dynamics and Globalisation** Claudia Derichs,Susanne Kreitz-Sandberg,2007 This

volume applies a gender sensitive perspective on Japan discussing issues such as national identity the changing appeal of role models legacies of a misogynous past gendered education policies female imaging in the media or working women s networks The transnational dimension of this perspective is highlighted by comparisons drawn between Japan and other countries of the region such as Philippines and South Korea Authors attend to concepts of gender and gendered identities as well as to actors within gendered spaces of society

The French Fifth Republic at Fifty Sylvain Brouard, Andrew Appleton, Amy G. Mazur, 2009-01-15 Addresses essential questions about the determinants and dynamics of the French political system and of its institutions dispelling the stereotypical view of it as an exceptional model of politics

Gendering Europeanisation Ulrike Liebert, Stefanie Sifft, 2003 The advancement of European gender equality rights over the past three decades has been accompanied by a growing diversity of gender regimes in an enlarging EU While the paradigms in European governance research tend to focus on homogenisation enforcement and compliance with EU norms comparative approaches to Europeanisation are premised on the awareness of a multiple Europe This book explores gendered varieties of Europeanisation ranging from resistance to adaptation transformation and innovation How have EU members engaged with EC equal opportunity directives since 1975 Which gender issues have sparked political controversy What were the outcomes of the interplays between EU norms and domestic gender regimes public discourses on the EU and gender equality advocates Gendering Europeanisation presents the findings of an international group of social and political scientists based at the University of Bremen The volume begins with a scrutiny of the mechanisms and forms of Europeanisation presents case studies of six countries and concludes with a comparative analysis of gender politics in Europe

Policy and Politics, 1995

The Europeanisation of Gender Equality Tanja Olsson Blandy, 2010

The Politics of Integrating Gender to State Development Processes Anne Marie Goetz, United Nations Research Institute for Social Development, 1995

Women in Parliamentary Politics Milica G. Antić, Gabriella Ilonszki, 2003

Forthcoming Books Rose Army, 2002

Trends in Communication Policy Research Manuel Puppis, Natascha Just, 2012 With contributions from leading international experts from within both the communications industry and academia Trends in Communication Policy Research comprises the very latest developments in the theories methods and practical applications of this dynamic field Topical and politically relevant this authoritative and up to date volume will prove an invaluable reference for students and scholars seeking to understand communication policy issues

Encyclopedia of Public Administration and Public Policy: Equal-Organizational Evan M. Berman, 2008

Participation and Protest Sarah Henderson, Alana S. Jeydel, 2007 Despite increased international rhetoric in support of women s equality women currently comprise a disproportionate share of the world s illiterate poor displaced underpaid underemployed and underrepresented populations And though women have gained visibility and influence in a wide array of political and economic arenas their position and status in society are still far from equal to those of men On the other hand since the post World War II era there has been a global explosion of women s activism on behalf of

equality liberation and better living conditions women are standing up not only for themselves but also for other disempowered groups *Women, Feminism, and Femininity in the 21st Century* Béatrice Mousli,Eve-Alice Roustang-Stoller,2009-04-15 American women look at French women as having it all sex motherhood work and public office while French women look at American women as puritanical excessively feminist and unable to have it all without guilt The essays in this book by leading American and French academics and critics set the record straight by assessing the truth of each outlook They conclude that facts are different from imagination and that on many issues French feminists could actually look to the U S for inspiration This book offers the first comparative critical appraisal of how women live in the US and in France and suggests paths of reflection on what women can do to improve their lives in the twenty first century This is a must read for anyone interested in the nature of womanhood today in the Western World

Whispering the Strategies of Language: An Psychological Quest through **Theorizing Feminist Policy Gender And Politics**

In a digitally-driven world where screens reign supreme and immediate conversation drowns out the subtleties of language, the profound strategies and emotional nuances concealed within words frequently go unheard. However, situated within the pages of **Theorizing Feminist Policy Gender And Politics** a fascinating literary treasure blinking with organic emotions, lies a fantastic quest waiting to be undertaken. Written by an experienced wordsmith, this marvelous opus attracts visitors on an introspective trip, softly unraveling the veiled truths and profound influence resonating within the very material of each word. Within the mental depths of this touching review, we will embark upon a heartfelt exploration of the book's primary themes, dissect its captivating writing style, and fail to the powerful resonance it evokes strong within the recesses of readers' hearts.
