There Ain't No Black In The Union Jack:

There Ain't No Black in the Union Jack Paul Gilroy, 2013-10-18 This classic book is a powerful indictment of contemporary attitudes to race. By accusing British intellectuals and politicians on both sides of the political divide of refusing to take race seriously, Paul Gilroy caused immediate uproar when this book was first published in 1987. A brilliant and explosive exploration of racial discourses, *There Ain't No Black in the Union Jack* provided a powerful new direction for race relations in Britain. Still dynamite today and as relevant as ever, this Routledge Classics edition includes a new introduction by the author.

Thinking While Black Daniel McNeil, 2022-12-09 *Thinking While Black* brings together the work and ideas of the most notorious film critic in America, one of the most influential intellectuals in the United Kingdom, and a political and cultural generation that consumed images of rebellion and revolution around the world as young Black teenagers in the late 1960s. Drawing on hidden and little-known archives of resistance and resilience, it sheds new light on the politics and poetics of young people who came together, often outside of conventional politics, to rock against racism in the 1970s and early 80s. It re-examines debates in the 1980s and 90s about artists who spread out to mount aggressive challenges to a straight white middle-class world and entertainers who sold out to build their global brands with performances that attacked the Black poor, rejected public displays of introspection, and expressed unambiguous misogyny and homophobia. Finally, it thinks with and through the work of writers who have been celebrated and condemned as eminent intellectuals and curmudgeonly contrarians in the twenty-first century. In doing so, it delivers the smartest and most nuanced investigation into thinkers such as Paul Gilroy and Armond White as they have evolved from young soul rebels to middle-aged mavericks and grumpy old men. Lamented the debasement and deskilling of Black film and music in a digital age, railed against the discourteous discourse and groupthink of screenies and Internet Hordes, and sought to stimulate some deeper and fresher thinking about racism, nationalism, multiculturalism, political correctness, and social media. Listen along with this Spotify playlist inspired by the book. For copyright reasons, this book is available in the U.S.A. only. ['There Ain't No Black in the Union Jack'](#)

Crossfires Helma Lutz, Ann Phoenix, Nira Yuval-Davis, 1995 The European Forum of Left Feminists held its 8th annual conference in 1993 on the theme of the gender dimensions of nationalism and racism in Europe This book grew on the conference's deliberations and gives particular attention to the situation in Britain Germany the Netherlands Russia and the Former Yugoslavia In their introduction the editors argue that women often play important symbolic roles in nationalist and racialised narratives whilst men tend to be constructed as the group's representatives and agents As symbols of their ethnic or national group women are seen as targets for protection by their group or as targets for violation by the other group but in either case they are assumed to be vulnerable and denied access to power Nevertheless women within Europe have attempted to combat racism and nationalism one example of this being the Serbian women's groups who tried to use their pre conflict networks to work for peace In building their coalitions women also need to explore their differences for example the unspoken privileges of being white rather than coloured The book is entitled **Crossfires** to reflect the way women are so often caught in the crossfire of ethnic conflict yet are also at cross purposes in that they are trapped on different sides of those conflicts They are here being encouraged to set about producing their own crossfires by building networks across ethnic divisions and reaching beyond the symbolic role of guardians of the race so often assigned to them by sexist ideology
