There and Back Again Timothy Imhoff,2015-08-01 Tim and Rachel s wedding vows promised a life filled with adventure Join them as they trek to find mountain gorillas in the jungles of Rwanda and have a close encounter with a large crocodile on the Nile River in Uganda Share their romantic wedding on a remote beach in Costa Rica Enjoy the hysterical description of a visit to a clothing optional resort in Florida to run in a 5K race And don t miss the hairy bears on Cape Cod Tim and Rachel s stories remind us that there are wonderful opportunities for adventure and romance if we are open to new experiences even for couples in their forties fifties or older Traveling to exotic locales around the world exposed Tim and Rachel to diverse cultures and people There is much to be learned from our differences and from the characteristics that we share **Time and Again** Jack Finney,2020-06-02 The 50th anniversary edition of the beloved classic that Stephen King has called THE great time travel story Featuring a brand new introduction by the New York Times bestselling author of Recursion Blake Crouch When advertising artist Si Morley is recruited to join a covert government operation exploring the possibility of time travel he jumps at the chance to leave his mundane 20th century existence and step into the past But he also has another motivation for going back in time a half burned letter that tells of a mysterious tragic death and ominously of fire which will destroy the whole world Traveling to New York City in January 1882 to investigate he finds a Manhattan teeming with a different kind of life the waterfront unimpeded by skyscrapers open air markets packed with activity Central Park bustling with horse drawn sleighs a city on the precipice of great things At first Si welcomes these trips as a temporary escape but when he falls in love with a woman he meets in the past he must choose whether to return to modern life or live in 1882 for good Pure New York fun Alice Hoffman New York Times bestselling author Time and Again is meticulous recreation of New York in the late nineteenth century exploring the possibilities of time travel to tell an ageless story of love longing and adventure Finney s magnum opus has been a source of inspiration for countless science fiction writers since its first publication in 1970 Now and Then We Time Travel Fraser A. Sherman,2017-02-06 More than 400 films and 150 television series have featured time travel stories of rewriting history lovers separated by centuries journeys to the past or the often dystopian future This book examines some of the roles time travel plays on screen in science fiction and fantasy Plot synopses and credits are listed for films and TV series from England Canada the UK and Japan as well as for TV and films from elsewhere in the world Tropes and plot elements are highlighted The author discusses philosophical questions about time travel such as the logic of timelines causality what s to keep time travelers from jumping back and correcting every mistake and morality if you correct a mistake are you still guilty of it **Time Travel** Prof. Dr. Rhituraj Saikia,2025-04-22 On the night before the Titanic sank a haunting dream foresaw disaster blurring the lines between prophecy and reality This captivating journey explores humanity s enduring fascination with time travel from ancient cycles and prophetic dreams to Einstein s relativity and cutting edge quantum physics Discover how brain waves AI and the fusion of mind and machine

Kripal,2024-05-31 A bold challenge to rethink the humanities as intimately connected to the superhuman and to decolonize reality itself One of the foremost historians of religion and a consummate storyteller Kripal makes a compelling case for restoring the anomalous and inexplicable to the heart of inquiry in the humanities A must read for anyone interested in the future of education society and indeed reality and for all who have experienced or would like to experience amazement Priscilla Wald author of Contagious Cultures Carriers and the Outbreak Narrative What would happen if we reimagined the humanities as the superhumanities If we acknowledged and celebrated the undercurrent of the fantastic within our humanistic disciplines entirely new cultural worlds and meanings would become possible That is Jeffrey J Kripal s vision for the future to revive the suppressed dimension of the superhumanities which consists of rare but real altered states of knowledge that have driven the creative processes of many of our most revered authors artists and activists In Kripal s telling the history of the humanities is filled with precognitive dreams evolving superhumans and doubled selves The basic idea of the superhuman for Kripal is at the core of who and what the human species has tried to become over millennia and around the planet After diagnosing the basic malaise of the humanities that the truth must be depressing Kripal shows how it can all be done differently He argues that we have to decolonize reality itself if we are going to take human diversity seriously Toward this pluralist end he engages psychoanalytic Black critical feminist postcolonial queer and ecocritical theory He works through objections to the superhumanities while also recognizing the new realities represented by the contemporary sciences In doing so he tries to move beyond naysaying practices of critique toward a future that can embrace those critiques within a more holistic view a view that recognizes the human being as both a social political animal as well as an evolved cosmic species that understands and experiences itself as something super An electrifying glorious loving and almost deranged romp through humanity s greatest recurrent ideas and experiences The Superhumanities is for anyone who senses that the transformative power of books ideas and spiritual experiences are intertwined and too often estranged Jonathan Haidt author of The Righteous Mind Why Good People Are Divided by Politics and Religion **Our Paper** ,1901 New York Herald Tribune Books ,1929 The Complete Works Laurence Sterne,1882 Travel ,1911 *The Golden Age Revisited: Arnold Houbraken and a tale of two books* Hendrik J.
