Equestrian Cultures in Global and Local Contexts Miriam Adelman,Kirrilly Thompson,2017-06-13 This edited volume demonstrates the broader socio cultural context for individual human horse relations and equestrian practices by documenting the international value of equines socially culturally as subjects of academic study and as drivers of public policy It broadens our understanding of the importance of horses to humans by providing case studies from an unprecedented diversity of cultures The volume is grounded in the contention that the changing status of equines reveals and moves us to reflect on important material and symbolic societal transformations ushered in by post modernity which affect local and global contexts alike Through a detailed consideration of the social relations and cultural dimensions of equestrian practices across several continents this volume provides readers with an understanding of the ways in which interactions with horses provide global connectivity with localized identities and vice versa It further discusses new frontiers in the research on and practice of equestrianism framed against global megatrends and local micro trends The Art of Classic Planning Nir Haim Buras,2020-01-28 An accomplished architect and urbanist goes back to the roots of what makes cities attractive and livable demonstrating how we can restore function and beauty to our urban spaces for the long term Nearly everything we treasure in the world s most beautiful cities was built over a century ago Cities like Prague Paris and Lisbon draw millions of visitors from around the world because of their exquisite architecture walkable neighborhoods and human scale Yet a great deal of the knowledge and practice behind successful city planning has been abandoned over the last hundred years not because of traffic population growth or other practical hurdles but because of ill considered theories emerging from Modernism and reactions to it The errors of urban design over the last century are too great not to question The solutions being offered today sustainability walkability smart and green technologies hint at what has been lost and what may be regained but they remain piecemeal and superficial In *The Art of Classic Planning* architect and planner Nir Haim Buras documents and extends the time tested and holistic practices that held sway before the reign of Modernism With hundreds of full color illustrations and photographs that will captivate architects planners administrators and developers *The Art of Classic Planning* restores and revitalizes the foundations of urban planning Inspired by venerable cities like Kyoto Vienna and Venice and by the great successes of L Enfant s Washington Haussmann s Paris and Burnham s Chicago Buras combines theory and a host of examples to arrive at clear guidelines for best practices in classic planning for today s world *The Art of Classic Planning* celebrates the enduring principles of urban design and invites us to return to building beautiful cities **Motor Cycling and Motoring** ,1984 *Mergent Industrial Manual* ,2002 **The Autocar** ,1972 **Advances in agri-food robotics** Professor Eldert van Henten,Professor Yael Edan,2024-03-26 Provides a comprehensive review of the recent advances in agricultural robotics such as advances in sensing and perception as well as technologies and actuation

Addresses our understanding of the social ethical and economic aspects of agricultural robotics including the regulatory frameworks and standards required to authorise their adoption Provides examples of the practical application of agricultural robotics in an array of agricultural settings from greenhouse and orchard cultivation to meat fish processing **Where Have All the Horses Gone?** Jonathan V. Levin, 2017-10-18 A century ago horses were ubiquitous in America They plowed the fields transported people and goods within and between cities and herded livestock About a million of them were shipped overseas to serve in World War I Equine related industries employed vast numbers of stable workers farriers wainwrights harness makers and teamsters Cities were ringed with fodder producing farmland and five story stables occupied prime real estate in Manhattan Then in just a few decades the horses vanished in a wave of emerging technologies Those technologies fostered unprecedented economic growth and with it a culture of recreation and leisure that opened a new place for the horse as an athletic teammate and social companion
