

Women English Civil War

Michelle White

Women English Civil War:

Women All on Fire Alison Plowden, 2011-07-31 Using personal accounts from both Royalist and Parliamentary supporters to reveal the untold story of the women of the English Civil War Alison Plowden illustrates how the conflict affected the lives of women and how they coped with unfamiliar responsibilities Some displayed a courage so far above their sex as to surprise and disconcert their men The Royalists included Queen Henrietta who went abroad to raise money for the cause and Mary Bankes who held Corfe Castle for the king with her daughters heaving stones and hot embers over the battlements at the attacking Roundheads On the opposing side Lady Brillia Harley guarded Brampton Bryan Castle in Herefordshire against the Royalists and Anne Fairfax wife of Cromwell's northern general who was taken prisoner by the Duke of Newcastle's troops after Adwalton Moor This is a fascinating look at the little reported yet valiant actions of the women caught up in this tumultuous age **The Women of the English Civil War** Margaret Cooper Evans, 2015

Women poets of the English Civil War Sarah C. E. Ross, Elizabeth Scott-Baumann, 2017-12-14 This anthology brings together extensive selections of poetry by the five most prolific and prominent women poets of the English Civil War period Anne Bradstreet Hester Pultrey Margaret Cavendish Katherine Philips and Lucy Hutchinson It presents these poems in modern spelling clear text versions for classroom use and for ready comparison to mainstream editions of male poets work The anthology reveals the diversity of women's poetry in the mid seventeenth century across political affiliations and forms of publication Notes on the poems and an introduction explain the contexts of Civil War religious conflict and scientific and literary development The anthology enables a more comprehensive understanding of seventeenth century women's poetic culture both in its own right and in relation to prominent male poets such as Marvell Milton and Dryden **Henrietta**

Maria and the English Civil Wars Michelle White, 2017-09-29 The influence exercised by Queen Henrietta Maria over her husband Charles I during the English Civil Wars has long been a subject of interest To many of her contemporaries especially those sympathetic to Parliament her French origins and Catholic beliefs meant that she was regarded with great suspicion Later historians picking up on this have spent much time arguing over her political role and the degree to which she could influence the decisions of her husband What has not been so thoroughly investigated however are issues surrounding the popular perceptions of the Queen that inspired the plethora of pamphlets newsbooks and broadsides Although most of these documents are polemical propaganda devices that tell us little about the actual power wielded by Henrietta Maria they do throw much light on how contemporaries viewed the King and Queen and their relationship The picture created by Charles and Henrietta's enemies was one of a royal household in patriarchal disorder The Queen was characterized as an overly assertive unduly influential foreign Catholic queen consort whilst Charles was portrayed as a submissive and weak husband Such an image had wide political ramifications resulting in accusations that Charles was unfit to rule and thus helping to justify Parliamentary resistance to the monarch Because Charles had permitted his Catholic wife to interfere in state matters

he stood accused of threatening the patriarchal order upon which all of society rested and of imperilling the Church of England In this book Michelle White tackles these dual issues of Henrietta's actual and perceived influence and how this was portrayed in popular print by those sympathetic and hostile to her cause In so doing she presents a vivid portrait of a strong-willed woman who had a profound influence on the course of English history

Literature and the English Civil War

Thomas Healy, Jonathan Sawday, 1990-05-25 This book charts the relationship between literary texts and their historical context from 1640-1660 Essays in the volume focus on issues of ideology and genre the politics of the masque lyric and devotional poetry women's writings attitudes towards Ireland colonialism madness and division and individual writers such as Hobbes Marvell and Milton

The English Civil Wars in the Literary Imagination Claude J. Summers, Ted-Larry

Pebworth, 1999 Remembering the English Civil Wars Lloyd Bowen, Mark Stoyle, 2021-10-17 Remembering the English Civil Wars is the first collection of essays to explore how the bloody struggle which took place between the supporters of king and parliament during the 1640s was viewed in retrospect The English Civil Wars were perhaps the most calamitous series of conflicts in the country's recorded history Over the past twenty years there has been a surge of interest in the way that the Civil Wars were remembered by the men, women and children who were unfortunate enough to live through them The essays brought together in this book not only provide a clear and accessible introduction to this fast-developing field of study but also bring together the voices of a diverse group of scholars who are working at its cutting edge Through the investigation of a broad but closely interrelated range of topics including elite, popular, urban and local memories of the wars as well as the relationships between civil war memory and ceremony material culture and concepts of space and place the essays contained in this volume demonstrate with exceptional vividness and clarity how the people of England and Wales continued to be haunted by the ghosts of the mid-century conflict throughout the decades which followed The book will be essential reading for all students of the English Civil Wars Stuart Britain and the history of memory

Drama and Politics in the English Civil

War Susan Wiseman, 1998-04-09 In 1642 an ordinance closed the theatres of England Critics and historians have assumed that the edict was to be firm and inviolate Susan Wiseman challenges this assumption and argues that the period 1640 to 1660 was not a gap in the production and performance of drama nor a blank space between Renaissance drama and the Restoration stage Rather throughout the period writers focused instead on a range of dramas with political perspectives from republican to royalist This group included the short pamphlet dramas of the 1640s and the texts produced by the writers of the 1650s such as William Davenant Margaret Cavendish and James Shirley In analysing the diverse forms of dramatic production of the 1640s and 1650s Wiseman reveals the political and generic diversity produced by the changes in dramatic production and offers insights into the theatre of the Civil War

Sieges of the English Civil Wars John

Barratt, 2009-06-25 Sieges determined the course of the English Civil Wars yet they receive scant attention In contrast the major set-piece battles are repeatedly analyzed and reassessed As a result our understanding of the conflict and of its

outcome is incomplete John Barratt in this lucid and perceptive account makes the siege the focal point of his study As well as looking at the theory and practice of siege warfare and fortification he considers the often devastating human impact Using a selection of graphic examples he shows how siege warfare could ruin the lives of the soldiers and the civilians caught up in it He examines in detail a dozen sieges using a combination of eyewitness accounts other contemporary sources archaeological surveys and other modern research His study provides a detailed and vivid reconstruction of these often neglected episodes of civil war history *The Grand Quarrel* Roger Hudson, 2000

Eventually, you will very discover a extra experience and talent by spending more cash. still when? reach you receive that you require to acquire those every needs like having significantly cash? Why dont you try to get something basic in the beginning?
