American Woman Suffrage Postcards Kenneth Florey, 2016-04-29 American women's suffrage activists were fascinated with suffrage themed postcards They collected them exchanged them wrote about them used them as fundraisers and organized postcard day campaigns The cards they produced were imaginative and ideological advancing arguments for the enfranchisement of women and responding to antisuffrage broadsides Commercial publishers were also interested in suffrage cards recognizing their profit potential Their products though were reactive rather than proactive conveying stereotypes they assumed reflected public attitudes often negative towards the movement Cataloging approximately 700 examples this study examines the visual rhetoric of suffrage postcards in the context of the movement itself and as part of the general history of postcards

Women's Suffrage in the Americas Stephanie Mitchell, 2024-07-01 The first hemispheric study to trace how women in the Americas obtained the right to vote Women's Suffrage in the Americas pushes back against the misconception that women's movements originated in the United States The volume brings Latin American voices to the forefront of English language scholarship Suffragists across the hemisphere worked together formed collegial networks to support each other's work and fostered advances toward women gaining the vote over time and space from one country to the next The collection as a whole suggests several models by which women in the Americas gained the right to vote through party politics through decree despite delays justified by women's supposed conservative politics through conservative defense of traditional roles for women and within the context of imperialism However until now historians have traditionally failed to view this common history through a hemispheric lens

Women's Suffrage Memorabilia Kenneth Florey, 2013-06-19 While historians have long recognized the importance of memorabilia to the Woman Suffrage movement the subject has not been explored apart from a few restricted albeit excellent studies Part of the problem is that such objects are scattered about in various collections and museums and can be difficult to access Another is that most scholars do not have ready knowledge of the general nature and history of the type of objects postcards badges sashes toys ceramics sheet music etc that suffragists produced Then new techniques in both printing and manufacturing created numerous possibilities for supporters to develop

campaigns of visual rhetoric This work analyzes 70 different categories of suffrage memorabilia while providing numerous images of relevant objects along the way and discussing these innovative production methods Most important this study looks at period accounts often fascinating of how why when and where the memorabilia were used in both America and England
