Gospel Women Richard Buckham,2002-05-15 There have been many studies of the women in the Gospels but this is a new kind of book on the subject Rather than offering a general overview of the Gospel women or focusing on a single theme Richard Bauckham studies in great depth both the individual women who appear in the Gospels and the specific passages in which they appear This unique approach reveals that there is much more to be known about such women than previous studies have assumed Employing historical and literary readings of the biblical texts Bauckham successfully captures the particularity of each woman he studies An opening look at the Old

Testament book of Ruth introduces the possibilities of reading Scripture from a woman's perspective. Other studies examine the women found in Matthew's genealogies: the prophet Anna, Mary of Clopas, Joanna, Salome, and the women featured in the Gospel resurrection narrative. A number of these women have never been the subject of deep theological enquiry. Unlike most recent books, Bauckham's work is not dominated by a feminist agenda. It does not presume in advance that the Gospel texts support patriarchal oppression, but it does venture some of the new and surprising possibilities that arise when the texts are read from the perspective of their female characters. Astute, sensitive to issues of gender, and written by one of today's leading theologians, *Gospel Women* will be of interest to a wide range of readers.

EDWARD GIBBON Premium Collection: Historiographical Works, Memoirs & Letters Edward Gibbon, 2016-02-14 This carefully crafted ebook, *EDWARD GIBBON Premium Collection: Historiographical Works, Memoirs & Letters*, is formatted for your eReader with a functional and detailed table of contents. Edward Gibbon (1737-1794) was an English historian and Member of Parliament. He is best known for his book *The History of the Decline and Fall of the Roman Empire*. The work covers the history of the Roman Empire, Europe, and the Catholic Church from 98 to 1590 and discusses the decline of the Roman Empire in the East and West. Because of its relative objectivity and heavy use of primary sources, unusual at the time, its methodology became a model for later historians. This led to Gibbon being called the first modern historian of ancient Rome.

Table of Contents: *The History of the Decline and Fall of the Roman Empire*, *Memoirs of My Life and Writings*, *Private Letters of Edward Gibbon*, *Gibbon Biography* by J. C. Morison.
