Woordenboek Online Indonesisch Nederlands:

Nederlands-Indonesisch juridisch woordenboek M. Termorshuizen-Arts, 2025-02-10 This dictionary has mainly been compiled for Dutch translators lawyers and others working with Indonesian law In the colonial era large parts of Dutch law were exported to Indonesia Apart from being a dictionary of Dutch judicial terms the book aims to give the reader a clear understanding of Indonesian law and tries to make it accessible by way of comparative law Attention is given not only to modern law but also to historical aspects Of the most important legal expressions the history is described In the model sentences Dutch legal notions are explained in Indonesian and subsequently linked with Indonesian law Of all Indonesian expressions the more important sources of legislation and literature are given This dictionary will also be a useful tool for Indonesian lawyers who still stumble across so many Dutch legal expressions in their daily practices

Indonesisch-Nederlands juridisch woordenboek ,1999 The Christian Slaves of Depok Nonja Peters, 2021-07-28 This book recounts the little known history of Cornelis Chastelein a high ranking official of the Dutch East India Company and the 150 200 slaves he purchased from slave markets around South East Asia to work his landed estates in the Batavian Jakarta hinterlands It traces the making and unravelling of his dream to create a self sustaining Christian community of freed slaves in the midst of a Muslim stronghold To this end on his death on 28 June 1714 he freed most of his slaves and bequeathed those who had embraced Christianity his 1244 hectare Depok estate in collective ownership The book isolates behaviours and events that influenced these Depokers lives after Chastelein s death such as endogamy religion war revolution and diaspora Its main characters are the missionaries bent on Depokers Dutchification the Japanese invaders who demand obedience to their Asia for the Asians thinking and the Indonesian Pemuda freedom fighters who insist Depokers throw their weight behind the Independence movement Enslavement made Depokers inbetweeners In the Netherlands they were considered Indonesian and the Dutch to whom they thought they belonged painfully excluded them Following the transfer of sovereignty the Republic of Indonesia confiscated the rice fields of those that stayed and labelled them Belanda Depok black Hollanders The history of the Depokers is a tale of survival in the face of adversity that takes in the dying embers of the Netherlands East Indies and the birth of Indonesia **The Voice of the Law in Transition A.**

Massier, 2008-01-01 In the literature on Indonesian legal history the role of language has been paid scant attention Even the replacement of Dutch by Indonesian as the official language of the law surely a major event for the work of Indonesian jurists has not been closely examined Yet since the early 1970s legal usage and terminology have been the topic of a steady stream of highly critical publications by linguists and remarkably by jurists as well Their criticism is focused on the heterogeneity of law language and terminology and the deviation of legal usage from the official standard language Government measures language courses law dictionaries have not allayed this criticism This study exposes two fundamental defects in the government measures and in the criticism itself Firstly they are grounded in an instrumental approach to language an

approach that sees language as a mere tool of the jurist and as secondary in importance to the conceptual world that is considered law's core business Secondly they greatly underestimate the impact of the declining knowledge of Dutch upon the development of Indonesian law language Massier argues that the law must be viewed as inextricably bound up with the language in which it is formulated Consequently legal training and practice are examined in this study in terms of language behaviour and conventions of learning writing and speaking the languages of the law The voice of the law in transition provides a language history of Indonesian law and its practitioners
