puzzles included horizontal vertical and oblique entries There are no oblique entries of name of the books within the puzzles in this publication The earlier versions were also much smaller and did not reveal hidden images The images were added to allow Rev Wharton to quickly assess student progress on a puzzle and offer individualized feedback While the puzzles were initially designed for the youth and young adults the increasing number of requests for copies of the puzzles from adults and seniors suggested that there was a much larger audience Input from Christians who like crossword puzzles revealed an appreciation for this Bible based word search puzzles hence this publication May it be used for the benefit and edification of the saints
