The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries. **Words and Their Ways in English Speech: By James Bradstreet Greenough ... and George Lyman Kittredge** James Bradstreet Greenough, George Lyman Kittredge, 2018-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it.
