Drama—Musicals

Amusical is a play in which most of the plot is told through singing and dancing. *West Side Story* was a very popular musical performed on stage in front of an audience, but was made into a movie in 1961. *West Side Story* is a remake of *Romeo and Juliet*, but instead of the Montagues fighting the Capulets, this modernized version is about two rival gangs in New York City in the 1950s. In this story, Tony is a member of a gang called the Jets, while the woman he loves, Maria, is the sister of a member of a different gang, the Sharks. The Jets and the Sharks battle for territory of New York streets, but racial differences also give them cause to fight – the Jets are white, while the Sharks are Puerto Rican immigrants.

While you watch the movie, you must take notes on this sheet (both front and back). On one side, write down any questions or interesting observations about the movie. Eduqas AS and A Level Music Study Guide Rhinegold Education, 2017-01-08 *Experiencing Latin American Music* Carol A. Hess, 2018-08-21 *Experiencing Latin American Music* draws on human experience as a point of departure for musical understanding. Students explore broad topics: identity, the body, religion, and more, and relate these to Latin American musics while refining their understanding of musical concepts and cultural historical contexts. With its brisk and engaging writing, this volume covers nearly fifty genres and provides both students and instructors with online access to audio tracks and listening guides. A detailed instructor's packet contains sample quizzes, clicker questions, and creative classroom-tested assignments designed to encourage critical thinking and spark the imagination. Remarkably flexible, this innovative textbook empowers students from a variety of disciplines to study a subject that is increasingly relevant in today's diverse society. In addition to the instructor's packet, online resources for students include customized Spotify playlist, online listening guides, audio sound links to reinforce musical concepts, stimulating activities for individual and group work. [How to Teach Literature](#) Elizabeth McCallum Marlow, 2019-01-28 *How to Teach Literature: Introductory Course* provides a detailed resource for homeschool or conventional teachers and administrators interested in an in-depth study of the subject. This fourth and final book in this series of teaching guides includes information not found in literature anthologies, such as the following: suggestions for cultivating a love for literature, detailed analyses of each work, questions for review, test questions with suggested responses, essay topics, audio-visual aids, internet resource materials, classroom handouts, and recommended books that enhance teaching. The author emphasizes two basic reasons for teaching literature: It is instructional and delightful. This book provides a comprehensive methodology for teaching the subject that a teacher could apply to one year's lesson plans without further investment in time. Other books in this series are entitled *How to Teach World Literature*, *How to Teach American Literature*, and *How to Teach British Literature*. www.teachclassiclit.com What do Truman Capote, O. Henry, and Homer have in common? They are all important writers, happily included in Elizabeth Marlow's *How to Teach Literature: Introductory Course*. Elizabeth lifts the reader to experience the beat in Poe's writing, the stark descriptors in the work of Hemingway, the rhythm of Alfred Lord Tennyson. She shows us that writing is not just a group of assembled words; it is a matrix of sound, color, meter, and imagery. For an English teacher, this is a helpful reminder and some fresh air. For a student, this is a gateway to the beauty and skill of great writing. To us all, this book is a way for the literature veteran to be challenged and the newcomer to be lured into the wondrous world of literature. I wholeheartedly recommend this book. John Baskam, middle school and high school English teacher at Covenant Christian Academy, Cumming, Georgia. This is just the sort of guide I wish I'd had when I was homeschooling my children. Elizabeth Marlow addresses both the big picture, which is the main goal of fostering a lifelong love for classic literature in students, and everyday practical concerns. Parents and teachers will find her trustworthy in her mature spiritual grounding, her impeccable literary taste, and her wealth of experience gained
