The Railroad Telegrapher ,1907

Dream with Your Eyes Open S.G. Cao,2019-02-19 In most cases the higher something costs the more value and importance people put on an item like a house a car a computer a cell phone or in this case a book If I were the one to determine the sales price of my book I would sell it for at least 85 to 110 to limit the number of people

from reading my book The reason is that people mostly likely will value an expensive book more than a book that is less than 25 Unfortunately I am not in the position to decide the selling price of my book To be honest I actually don t need too many people to read my book so that it is not saturated and people who read my book will appreciate the knowledge that they receive from my book Regardless whether people value the importance of my book or not as far as I am concerned the knowledge that I have written down is the backbone and the essence of my well being today I would not have the strength or stamina to write this book without the knowledge that I have It enables me to go on with my life I am more energetic and more productive now than I was before I want to see people live a life full of vitality and energy Did you ever find yourself lacking the drive strength and stamina to continue your day in the past Do you want to get the fire energy power and enjoyment back in your life If you do you have come to the right place You have the energy and the potential in you You just don t know it yet Once you receive the knowledge you will know it for the rest of your life **Where Have You Seen God?**

Keva Green,2019-09-17 Everyone struggles at times in their lives and wonders if this is all there is Are we facing life on our own Does God exist Does the Lord even care about me and my life Actually God s divine presence is all around us and moving in mighty ways We just do not always take time to pay attention and recognize what the Lord is doing in our everyday lives What if you could learn how to open your eyes to God s blessings and miracles that are all around us and accessible to your situation A good place to start is by asking the question Where have you seen God This book is overflowing with amazing stories of how God has divinely spoken and opened up opportunities for the author and some of those around her Each chapter is an inspiring account of an experience that teaches touching lessons about what is really important in life and how to live life to its fullest You will laugh and cry but most of all you will realize that God exists today just as powerfully as in Bible times These stories are a heartwarming witness to God s personal involvement in our everyday lives *Hearings* United States.
