What Is The Of The Dead:

Understanding Prayer for the Dead James B. Gould, 2016-08-04 Throughout history Christians have prayed for the dead both for continual growth of the faithful and for their advancement from purgatory though not for the deliverance of the unsaved from hell This book defends all three kinds of prayer It challenges Protestants who seldom pray for the dead to begin doing so and Roman Catholics and Eastern Orthodox who pray only for the Christian dead to include the unsaved as well James Gould addresses the biblical credentials of prayer for the dead and provides a historical overview of such prayers from ancient Christianity to the current practice of the three main branches of the church He also discusses the logical assumptions prayer for the dead requires that prayer is effective that the dead are conscious and that the afterlife involves change and lays out a theological framework for such prayers Prayer for the departed raises the most basic of theological questions matters that go to the center of God's purpose in creating spiritual beings and redeeming sinful humankind The argument while revisionary in some respects is orthodox ecumenical and integrative engaging a range of academic disciplines so as to be biblically accurate historically informed and philosophically reasoned *Remembering the Dead* Sentus Francis Dikwe, 2020-01-07 Remembering the dead is a topic which connects various cultures and traditions The reception of the African tradition of ancestorship is a theological enrichment in the ecumenical discussions all over the world In our time the exchange of gifts plays a great role in promoting unity of the Churches Especially the concepts of African theology with the incomparable special position of Jesus Christ as proto ancestor are important for the interconfessional dialogues The veneration of the ancestors in Africa can be a help to begin ecumenical discussions in this regional context on the question of the veneration of the saints According to African tradition the ancestors also have influence on the process of purification Therefore the veneration of the ancestors contributes to providing answers to the ecumenical controversies about the understanding of the eschatological purification Sentus Francis Dikwe SDS born in 1980 in Morogoro Tanzania ordained priest of the Salvatorian Congregation He attained doctorate in theology 2020 in Munster Germany The Religious System of China: book I. Disposal of the dead Jan Jakob Maria Groot, 1892 **The Resurrection of the Dead, and Eternall Judgement: Or, the Truth of the Resurrection of the Bodies, Both of Good and Bad at the Last Day: Asserted, and Proved by God's Word, Etc** John Bunyan, 1665 **Invasion of the Dead** Brian K. Blount, 2014-01-24 Our world and our churches are neither sinful nor lost they are dead This dead world is the one that God engages and into which Jesus invaded with a radically different vision of life In this groundbreaking work based on his 211 Yale Beecher lectures Brian K Blount helps preachers effectively proclaim resurrection in a world consumed by death Recognizing that both popular culture and popular Christianity are mesmerized by death and dying Blount offers an alternative apocalyptic vision for our time one that starts with a clear vision of life that obliterates death and reveals life's essence Blount explores the portrait and meaning of resurrection through the New Testament the Book of Revelation the letters of Paul and the Gospel of

Mark and explores how to biblically and theologically reconfigure apocalyptic preaching for today With three illustrative sermons this book is an ideal resource to help preachers proclaim the power of resurrection

The Dead Mother Gregorio Kohon,1999 The Dead Mother brings together original essays in honour of Andr Green Written by distinguished psychoanalysts the collection develops the theme of his most famous paper of the same title and describes the value of the dead mother to other areas of clinical interest psychic reality borderline phenomena passions and identification The concept of the dead mother describes a clinical phenomenon sometimes difficult to identify but always present in a substantial number of patients It describes a process by which the image of a living and loving mother is transformed into a distant figure a toneless practically inanimate dead parent In reality the mother remains alive but she has psychically died for the child This produces a depression in the child who carries these feelings within him into adult life as the experience of the loss of the mother s love is followed by the loss of meaning in life Nothing makes sense any more for the child but life seems to continue under the appearance of normality The Dead Mother is a valuable contribution to literature on psychoanalytic and psychotherapeutic approaches to grief loss and depression
