International Handbook on Femicide and Feminicide Myrna Dawson, Saide Mobayed Vega, 2023-05-31 This volume explores in depth femicide and feminicide bringing together our current knowledge on this phenomenon and its prevention No country is free from femicide feminicide which represents the tip of the iceberg in male violence against women and girls Therefore it is crucial and timely to better understand how states and their citizens are experiencing and responding to femicide feminicide globally Through the work of internationally recognised feminist and grassroots activists researchers and academics from around the world this handbook offers the first in depth global examination of the growing social movement to address femicide and feminicide It includes the current state of knowledge and the prevalence of femicide feminicide and its characteristics across countries and world regions as well as the social and legal responses to these killings The contributions contained here look at the accomplishments of the past four decades ongoing challenges and current and future priorities to identify where we need to go from here to prevent femicide feminicide specifically and male violence against women and girls overall This transnational multidisciplinary cross sectoral handbook will contribute to research policy and practice globally at a time when it is needed the most It brings a visible global focus to the growing concern about femicide feminicide underscoring the importance of adopting a human rights framework in working towards its prevention in an increasingly unstable global world for women and girls Researching Cybercrimes Anita Lavorgna, Thomas J.

Holt, 2021-07-29 This edited book promotes and facilitates cybercrime research by providing a cutting edge collection of perspectives on the critical usage of online data across platforms as well as the implementation of both traditional and innovative analysis methods The accessibility variety and wealth of data available online presents substantial opportunities for researchers from different disciplines to study cybercrimes and more generally human behavior in cyberspace The unique and dynamic characteristics of cyberspace often demand cross disciplinary and cross national research endeavors but disciplinary cultural and legal differences can hinder the ability of researchers to collaborate This work also provides a

review of the ethics associated with the use of online data sources across the globe The authors are drawn from multiple disciplines and nations providing unique insights into the value and challenges evident in online data use for cybercrime scholarship It is a key text for researchers at the upper undergraduate level and above

Learning from Victims' Family Narratives Morag C. Kennedy, 2025-07-08 Offering a new perspective on intimate partner abuse and homicide this book recognises the families of victims as legitimate agents of knowledge in terms of the harm experienced by their family members and considers how this harm is extended to the families themselves Examining harm from both an offline and online point of view the book explains the multipurpose roles of offline and online harm and how these roles do not occur in isolation in terms of the victims and families abusive experiences In doing so it demonstrates the range of harm experienced in the context of intimate partner abuse and homicide and outlines the overlapping nature of offline and online harm without prioritising one form of harm over the other instead considering the harm experienced as a continuum Providing theoretical and empirical contributions that are largely absent from existing victimology and harm literature Learning from Victims Family Narratives The Impact of Offline and Online Harm in Cases of Intimate Partner Homicide will be of interest to scholars researchers students and practitioners exploring the modern conceptualisation of harm and its impact on individuals beyond the victim and perpetrator
