Western Democracies And The New Extreme Right Challenge Extremism And Democracy:

Western Democracies and the New Extreme Right Challenge Roger Eatwell, Cas Mudde, 2003-11-20 The last decade has seen the growth of extreme right movements throughout the western world yet how should democracies react to the challenge that they pose *Political Extremes* Uwe Backes, 2009-12-16 The Western tradition of a sovereign state which roots go back to antiquity inherited a centre vouching for virtuous moderation This book compares this tradition with what it quintessentially objects to political extremes **The Rise of Populist Sovereignism** Stephan De Spiegeleire, Clarissa Skinner, Tim Sweijts, 2017-09-14 *The ^A Freedom to Be Racist?* Erik Bleich, 2011-09-05 In this wide ranging book Erik Bleich explores policies that the US Britain France Germany and other liberal democracies have implemented when forced to choose between preserving freedom and combating racism Bleich s comparative historical approach reveals that while most countries have increased restrictions on racist speech groups and actions since the end of World War II this trend has resembled a slow creep more than a slippery slope Building on these observations Bleich argues that we should pay close attention to the specific context and to the likely effects of any policy we implement and that any response should be proportionate to the level of harm the racism inflicts **Searchlight** , 2004 **Responding to Populist Parties in Europe** Angela K. Bourne, 2024-01-12 Provides a new theoretical tool kit exploring how those who disagree with populist parties oppose them and what kinds of opposition initiatives work why and to what ends *American Book Publishing Record* , 2004 **Strategies for Combating Right-wing Extremism in Europe** Bertelsmann Stiftung (Gütersloh, Germany), 2009 Right wing extremism is a phenomenon that can be found throughout Europe All democratic societies are threatened by racist anti pluralistic and authoritarian ideas Even though the so called radical right differs in character and ideology in the various European countries it strives to restrict civic and human rights as well as to change the constitutional structures that are based on the principles of democracy and liberty Individual European countries deal with this challenge differently The various policy approaches found in these countries are a good source for developing improved practices for fighting right wing extremism in German and worldwide With this publication the Bertelsmann Stiftung presents an overview of the radical right in Austria Belgium Denmark France Germany Great Britain Hungary Italy the Netherlands Sweden and Switzerland It also includes the most successful strategies against right wing extremism found in these countries The main focus of this publication is the actions pursued by the governments political parties and actors of the civil society Judicial provisions are highlighted as well as the implementation of laws special action programs the effectiveness of prosecution of right wing crimes cooperation of parties institutional responsibilities cooperation of authorities with NGOs and civil commitment against right wing extremism Book Jacket [Current Politics and Economics of Europe](#) , 2005 **On Extremism and Democracy in Europe** Cas Mudde, 2016-03-17 On Extremism and Democracy in Europe is a collection of short and accessible essays on the far right populism Euroscepticism and liberal democracy by one of the leading academic

and public voices today It includes both sober fact based analysis of the often sensationalized rise of the far right in Europe as well as passionate defence of the fundamental values of liberal democracy Sometimes counter intuitive and always thought provoking Mudde argues that the true challenge to liberal democracy comes from the political elites at the centre of the political systems rather than from the political challengers at the political margins Pushing to go beyond the simplistic opposition of extremism and democracy which is much clearer in theory than in practice he accentuates the internal dangers of liberal democracy without ignoring the external threats This book is essential reading for anyone interested in European politics extremism and or current affairs more generally **Jahrbuch Extremismus & Demokratie** ,2005

Forthcoming Books Rose Arny,2003 **Journal of Democracy** ,1994 Special section called Election watch also available for No 1 Jan 1990 *Journal of Theoretical Politics* ,2002 The Writers Directory ,2013 The British National Bibliography Arthur James Wells,2004 The Growth of Anti-immigrant Parties in Western Europe Rachel Kay Gibson,2002 This book explains the rise in support for parties in Western Europe with a strongly anti immigrant stance during the early 1990s Using extensive multi level data analysis that combines individual and party opinion data with aggregate statistics from a total of 14 Western European nations it concludes that support comes from a combination of overt racists who articulate a highly unapologetic form of racism and covert racists who attempt to hide their racism in practical arguments about immigrants deleterious socio economic effects **Sociological Abstracts** Leo P. Chall,2003 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers □□□□□□□□ □□□□□□□□ 2004,□□□□□□ □□□ \□□□□□□ **Challenges to Democracy** Sten Berglund,2001 The euphoria evidenced in the aftermath of the collapse of communist regimes in the late 1980s and early 1990s sometimes conveyed the impression that the process of democratization would be achieved without difficulty or tribulation This book sets out to provide a thorough comparative analysis of the challenges which face the emerging democracies of Central and Eastern Europe and considers the impact of political change Drawing heavily on available survey data the book provides an in depth account of how the new democracies of Central and Eastern Europe have coped with four major challenges political fragmentation nationalism lack of respect for human rights and poorly developed civil service systems The book demonstrates that although the first few years of the 1990s were marked by increasing disenchantment with the new regimes the change of governments as a direct result of the electoral process and the prospects for European integration have served to reverse this negative trend Indeed the authors find that the new political systems have managed to cope with the challenges so effectively that striking similarities with Western democracies are now apparent Offering new insights into democratic transition Challenges to Democracy will appeal to political scientists diplomats and policymakers and economists with an interest in European and comparative politics
