Historical Dictionary of Scandinavian Cinema John Sundholm,Isak Thorsen,Lars Gustaf Andersson,2012-09-20 Although relatively small the northern countries of Scandinavia have made a disproportionately large contribution to world cinema Indeed some of their films are among the best known of all times including *The Seventh Seal* *Dancer in the Dark* and *The Girl with the Dragon Tattoo* And Scandinavian directors are also among the best known just to mention Ingmar Bergman and Lars von Trier But there is much more to the cinema of Denmark Norway Sweden Finland and Iceland than that and this book shows us what they have been accomplishing over more than a century from the beginnings of cinema until the present *The Historical Dictionary of Scandinavian Cinema* shows just how long and busy this history has been in the chronology starting in 1896 The introduction then describes the situation in each one of the component countries all of which approached and developed the field in a similar but also slightly different manner The dictionary section with over 400 substantial entries

looks at the situation in greater detail with over 400 substantial entries on major actors directors and others significant films various genres and themes and subjects such as animation ethnicity migration and censorship Given its contribution to world cinema it is good to finally have an encyclopedia like this which can meet the interests of the scholar and researcher but also the movie fan *The No Shelf Required Guide to E-book Purchasing* Sue Polanka, 2011-12 Library Technology Reports vol 47 no 8 According to recent studies e book penetration in libraries of all types is rising rapidly Creating or expanding an e book collection is a complicated challenge In addition to facing the same challenges a librarian would face in developing a print collection librarians developing an e book collection also face a host of unprecedented legal technological and vendor challenges This issue of Library Technology Reports will examine these challenges focusing on strategies for purchasing e books in a consortium working with vendors implementing e reader programs in an academic environment and purchasing electronic textbooks Although the challenges are significant this issue will show how they can be overcome and how the effort it takes to develop an e book collection is well worth the effort **Normal Instructor and Teachers World** ,1928
