Before purchasing check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of MyLab™ or Mastering™ platforms exist for each title including customized versions for individual schools and registrations are not transferable. In addition you may need a Course ID provided by your instructor to register for and use MyLab products. For the multivariable component of three semester or four quarter courses in Calculus for students majoring in mathematics, engineering or science. Clarity and precision. Thomas Calculus Multivariable helps students reach the level of mathematical proficiency and maturity you require but with support for students who need it through its balance of clear and intuitive explanations, current applications and generalized concepts. In the 14th Edition, new co-author Christopher Heil, Georgia Institute of Technology, partners with author Joel Hass to preserve what is best about Thomas' time-tested text while reconsidering every word and every piece of art with today's students in mind. The result is a text that goes beyond memorizing formulas and routine procedures to help students generalize key concepts and develop deeper understanding. Also available with MyLab Math. MyLab Math™ is an online homework tutorial and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding and pursue a personalized study plan that helps them absorb course material and understand difficult concepts. A full suite of Interactive Figures have been added to the accompanying MyLab Math course to further support teaching and learning. Enhanced Sample Assignments include just-in-time prerequisite review help, keep skills fresh with distributed practice of key concepts and provide opportunities to work exercises without learning aids to help students develop confidence in their ability to solve problems independently.
