C. Fuller, 2018-04-03 A tour de force in the way it embraces and weaves together the political economic and military factors B H Liddell Hart A work which sums up succinctly the learning of a life time New Statesman *The Conduct of War 1789 1961* which was originally published in 1961 is a study of the way in which political and economic changes since the French Revolution have altered both the techniques and the aims of war The author begins by studying the limited wars that were possible in the age of absolute rulers and the destructive impact of revolutionary and democratic government on this state of affairs Not only did the new armies of the Napoleonic age grow immensely in size and military power the aims for which the war was fought began to change Now it is no longer a question of forcing the enemy government to change its policy in specific ways the purpose is the destruction of that government and the absolute surrender of its people Such a concept of war the author contends is a disastrous return to barbarism and in this book he considers his study in the light of post war events with Communist countries *Shattering Empires* Michael A. Reynolds, 2011-01-27 The break up of the Ottoman empire and the disintegration of the Russian empire were watershed events in modern history The unravelling of these empires was both cause and consequence of World War I and resulted in the deaths of millions It irrevocably changed the landscape of the Middle East and Eurasia and reverberates to this day in conflicts throughout the Caucasus and Middle East *Shattering Empires* draws on extensive research in the Ottoman and Russian archives to tell the story of the rivalry and collapse of two great empires Overturning accounts that portray their clash as one of conflicting nationalisms this pioneering study argues that geopolitical competition and the emergence of a new global interstate order provide the key to understanding the course of history in the Ottoman Russian borderlands in the twentieth century It will appeal to those interested in Middle Eastern Russian and Eurasian history international relations ethnic conflict and World War I *WAR DIARIES & OTHER PAPERS VOL* Major General Max Hoffmann, 2016-10-24 Max Hoffmann was Chief of Staff to Von Prittwitz the aristocratic General charged with defending Germany's East Prussian heartland at the outbreak of the Great War Prittwitz was as inept as his name suggests and when the Russians steamrolled west far faster than the Germans had expected he panicked and sought permission to retreat behind the River Vistula But Hoffman kept his head and conceived a bold scheme to attack and annihilate the Russian advance This was the operational plan that was already being put into effect when the dynamic duo of Hindenburg and Ludendorff arrived in the east to take over from the disgraced Prittwitz in late August 1914 The result was the total triumph of Tannenberg soon followed by the twin victory at the Masurian Lakes Hindenburg and Ludendorff got the credit for Tannenberg rather than its real author the brilliant Hoffmann who continued to be a tower of strength on the Eastern front being part of the German delegation which negotiated the harsh Treaty of Brest Litovsk which eliminated Russia from the war early in 1918 These two volumes of memoirs comprise Vol 1 Hoffmann's War Diaries and Vol II his
