Riley, 2011-06-03 The purpose of this book is about the quest for spiritual maturity as it applies to the Catholic faith and American democracy It is meant to engage the imagination of small church faith communities and bible study groups in light of Vatican II and what it means to carry forward the work of Christ under the lead of the Holy Spirit Vatican II encourages the Church to be a more prophetic and contemplative faith that leads to greater spiritual discernment Discernment of the Spirits is more important than ever to overcome an imbalance between specialized human activity and a comprehensive view of reality that directs the mind to solutions which are fully human This was the mind of Christ In summary small church faith communities and Bible study groups are encouraged to consider scrutinizing the signs of the time by way of critical social analysis spiritual discernment and the work of the Holy Spirit We the faithful are Cathedral Builders never to see the end of our work This is an evolutionary movement As followers of Christ we can learn to see ourselves as ongoing co creators with God for the goodness of the entire human race
