Working Americans Scott Derks, 2000 Each volume in the widely successful Working Americans series focuses on a particular type of American and illustrates what life was like for that group from the 1800s to the present time. The volumes are arranged into decade-long chapters, each introducing to the reader three individuals or families. Individual profiles examine life at home, life at work, life in the community, family finances and budget, cost of living and amusements. To further the reader's understanding of the time period, profiles are supplemented with national current events, economic profiles, an historical snapshot, news profiles, local news articles, and illustrations derived from popular printed materials. Profiles cover a wide range of ethnic groups and span the entire country, providing a thorough examination of all types of Americans in that particular group. From a wealth of government surveys, social worker histories, economic data, family diaries, and letters, newspaper and magazine features, these unique volumes assemble a remarkably personal and realistic look at the lives of Americans. For easy reference, Volumes II through VIII contain an in-depth Subject Index to make sure that the reader can locate specific information quickly and easily. The Working Americans series has become an important reference for public libraries, academic libraries, and high school libraries. When We Walk By Kevin F. Adler, Donald W. Burnes, 2023-11-07 How to end homelessness in America: a must-read guide to understanding housing instability, supporting our unhoused neighbors, and reclaiming our humanity. A deeply humanizing analysis that will change the way you think about poverty and homelessness for the socially engaged reader. Of Isabel Wilkerson's *Caste* and Matthew Desmond's *Evicted*. Think about the last time that you saw or interacted with an unhoused person. What did you do? What did you say? Did you offer money or a smile, or did you avert your gaze? *When We Walk* takes an urgent look at homelessness in America, showing us what we lose in ourselves and as a society when we choose to walk past and ignore our neighbors in shelters, insecure housing, or on the streets. And it brilliantly shows what we stand to gain when we embrace our humanity and move toward evidence-based, people-first, community-driven solutions, offering social analysis, economic and political histories, and the real stories of unhoused people. Authors Kevin F. Adler and Donald W. Burnes, with Amanda Banh and Andrijana Bilbija, recast chronic homelessness in the U.S. as a byproduct of twin crises: our social services systems are failing, and so is our humanity. Readers will learn why our brains have been trained to overlook our unhoused neighbors. The social, economic, and political forces that shape myths like "all homeless people are addicts" and "they'd have a house if they got a job." What conservative economics gets

wrong about housing insecurity What relational poverty is and how to shift away from us versus them thinking That for many Americans housing insecurity is just one missed paycheck away Who the homeless really are and why that might surprise you What you can do to help starting today A necessary deeply humanizing read that goes beyond theory and policy analysis to offer engaged solutions with compassion and heart When We Walk By is a must read for anyone who cares about
