The Sound Of Loneliness:

The Sound of the Sea Wayne Mansfield, 2017-06-24 Liam's life could be better. He's recovering from a divorce and a bitter custody battle which he loses. He dearly loves his six year old son Lucas but seeing him every second weekend is never enough. His one salvation is the sea. When he's sitting on the sand watching the waves rolling in he feels at peace, calmed and restored. One day the waves are particularly high and the sea particularly rough. He's surprised to see someone swimming in such choppy seas. When Liam calls out to the man asking if he needs help the man simply waves back. Liam thinks he must be an idiot. Little does he know the person he sees is no man which he discovers two days later. When they meet Liam is both horrified and fascinated. His curiosity produces a strange attraction that changes their lives irreversibly forever. Liquid Space

Sean Redmond, 2017-02-28 In this remarkable and original book Sean Redmond examines the issues and themes that are repeatedly found across a range of contemporary science fiction films and television programmes. He argues that they reveal the profound effects the digital age has had on our social lives. Through narratives that feature the post human genetic engineering and cloning, surveillance and data mining, space and time travel, artificial intelligence, online dating cultures and visions of catastrophe they portray a world in which the material and the stable are being lost to the ever more volatile and ephemeral idea of liquid space. Redmond examines a wide selection of popular films and TV series such as Gravity, Under the Skin, The Lobster, Children of Men and Doctor Who to locate how traditional values are being erased in favour of a new liquid modernity. Drawing on an eclectic range of approaches from phenomenology to critical race theory and from close textual analysis to the revelations of eye tracking technology, this book is an illuminating account of the digital age through the lens of science fiction. **MY YOUTHFUL REALITY**

T. K. MASHIYANE, 2013-03-26 This book is about my life as a young boy how I viewed life as a teenager who felt no one understood him. Hence it is mainly about loneliness and depression and it's about searching for love and loving someone from a distance. But also it is about how I found refuge in my faith which improved my relationship with my God. All in all this book is a creative way of expressing my feelings and also of dealing with them as a teenage boy but written in a way that would accommodate multitudes. **Love at the Five and Dime**

Brian T. Atkinson, 2024-10-02 Nanci Griffith 1953-2021 remains despite her untimely death a living, breathing, ever present entity and inspiration. According to author Brian T. Atkinson, reflections on Griffith's omnipresent influence often cause people to shift from past tense to present tense in mid sentence. She remains one of the most well loved of Texas singer-songwriters with hits still popular today such as Gulf Coast Highway, Trouble in the Fields and Love at the Five and Dime. Atkinson has interviewed a host of songwriters and other artists from across the spectrum from Lyle Lovett, Steve Earle and Robert Earl Keen to Counting Crows, Adam Duritz, American Pie songwriter Don McLean and the London Symphony Orchestra's Tom Norris. Gathering the recollections of those who performed with, listened to and were impacted by the artistry of Nanci Griffith, Atkinson balances these with his own comments and reflections on Griffith's legacy including the demons she

wrestled with that ultimately overcame her Love at the Five and Dime The Songwriting Legacy of Nanci Griffith promises to be as one reviewer has described it an indispensable source for anyone wanting to learn more about all things Nanci This book adds deep value to our understanding of the life and work of a vital Texas artist **Modern-Day Prayers for a Modern-Day World** Evette M. Marini,2022-04-25 Faith is a word frequently used these days as we continue to struggle through a pandemic that took the lives of over eight hundred thousand Americans and rising Amid unsolved questions posed to the world of medicine in the throes of political and social unrest the darkness of this nightmare has left many with a growing skepticism in the leadership of many traditional institutions of Church and State Why are people so concerned over the existential issues of life and faith during these unprecedented times where the world seems to have gone topsy turvy Louis Marini suggests that faith has always been a multidimensional reality inherent in people's lives People have always aspired to faith to unite a nation in times of distress and social unrest The human act of believing is the first step to walking in faith Believing is always believing in another human being Faith always necessitates and is sustained only in relationships whether faith is solely based upon human interaction or seeking communion with the Divine These reflections open the possibility for discussions that faith is not just a human phenomenon but a natural gift that may transition into a relationship with the Divine Faith which is fundamentally a human reality can become a divine mystery This realization hopefully can console and heal us from the scars
