The Symbolic Imagination Coleridge And The Romantic Tradition Princeton Essays In Literature:

The Symbolic Imagination J. Robert Barth, 1977 Includes a chapter on William Wordsworth *The Symbolic Imagination* J. Robert Barth, 1977 *The Symbolic Imagination* J. Robert Barth, 2015-03-08 Studying the nature of symbol in Coleridge's work Father Barth shows that it is central to Coleridge's intellectual endeavor in poetry and criticism as well as in philosophy and theology He finds symbol to be an essentially religious reality for Coleridge one that partakes of the nature of a sacrament especially sacrament as an encounter between material and spiritual reality Father Barth notes that eighteenth century poetry was by and large a poetry of metaphor rather than of symbol a poetry of reference rather than of encounter In close readings of the poetry of Wordsworth and Coleridge he shows how they practiced and developed the poetry of symbol Finally analyzing the symbolic imagination the author concludes that it is a phenomenon profoundly linked with the experience of Romanticism itself and with a fundamental change in religious sensibility Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Romanticism, Hermeneutics and the Crisis of the Human Sciences Scott Masson, 2017-11-28 The human sciences established and developed in the nineteenth century have slowly disintegrated It is an ironic end It was in the name of the greater legitimacy of more universal psychological criteria that its architects disavowed the traditional theological standard for valuing and evaluating human words and deeds With hindsight we can see that universality was indeed gained but only at the cost of alienating any sense of common legitimacy Harold Bloom defending the canon largely in the humanising moral sense convention of critics operating since Matthew Arnold has resolutely maintained the common legitimacy of aesthetic value against the claims of particular interest groups But the very universality attached to aesthetic value is at odds with the world of common sense and thus lies at the root of the problem To complicate matters this universality has been understood as a traditional criterion A more radical treatment of the subject is needed This study begins by surveying the field of modern hermeneutics Noting its repeated crises of self legitimisation it traces these to circular beliefs bequeathed by Romanticism that human nature is self begetting and can thus be known intimately and autonomously After providing a historical overview of how human nature had been understood the focus shifts to the attack in Coleridge's *Biographia Literaria* on Wordsworth's 1802 Preface to *Lyrical Ballads* and to a reading of some key Romantic texts It reads Coleridge's famous definition of the imagination as an attack on Romantic hermeneutics rooted in the traditional view that man has been created in *Imago Dei* **English Poetry of the Romantic Period 1789-1830** J.R. Watson, 2014-03-18 On its first appearance *English Poetry of the Romantic Period* was widely praised as one of the best

introductions to the subject This edition includes updated material in the light of recent work in Romanticism and Romantic poetry The book discusses the concerns that linked the Romantic poets from their responses to the political and social upheavals around them to their interest in the poet's visionary and prophetic role It includes helpful and authoritative discussions of figures such as Blake Clare Coleridge Crabbe Keats Scott Shelley and Wordsworth **English Literature**

Advancing Through History 5 - The Romantic Period Petru Golban, 2024-11-26 It appears that literary work possesses eternal temporal validity due to its autonomous aesthetic value whereas criticism provides points of view having temporary and transitory significance Despite such claims the vector of methodology in our series of books dealing with the history of English literature relies on Viktor Shklovsky T S Eliot Mikhail Bakhtin and especially Yuri Tynyanov whose main reasoning would be that literature is a system of dominant central and peripheral marginalized elements to us tradition centre versus innovation margin engaged in a battle for supremacy demarginalization and the right to form a new literary system and the development or historical advancement of literature is the substitution of systems Roman Jakobson and French structuralism on the whole later Linda Hutcheon with her system and constant and Bran Nicol with the dominant to say nothing about Itamar Even Zohar and his theory of polysystem to a certain extent Julia Kristeva and even Homi Bhabha as well as our humble contribution we would like to believe maintain Tynyanov's line of thinking and concepts alive which have developed and emerged nowadays more like a kind of neo formalism Focusing on literary practice applying critical theory and emerging from within our own teaching experience the books in the present series are theoretical and surveyistic like a monograph whereas their more practical and text oriented aspect should appeal as a student handbook for didactic purposes in which certain literary works belonging to various writers of different trends movements and periods are analysed and compared with regard to their source form thematic arrangements ideas motifs character representation strategies intertextual perspectives structural or narrative techniques and other aspects Coleridge, the Bible, and Religion Jeffrey W.

Barbeau, 2007-12-25 Barbeau reconstructs the system of religion that Coleridge develops in *Confessions of an Inquiring Spirit* 1840 Coleridge's late system links four sources of divinity the Bible the traditions of the church the interior work of the Spirit and the inspired preacher to Christ the Word In thousands of marginalia and private notebook entries Coleridge challenges traditional views of the formation and inspiration of the Bible clarifies the role of the church in biblical interpretation and elucidates the relationship between the objective and subjective sources of revelation In late writings that develop a robust system of religion Coleridge conveys his commitment to biblical wisdom **Nineteenth Century Religious Thought in the West** Ninian Smart, 1988 Now available in paperback the successful three volumes of *Nineteenth Century Religious Thought in the West* provide a fresh appraisal of the most important thinkers of that time Some essays centre on major figures of the period others cover topics trends and schools of thought between the French Revolution and the First World War The contributors are among the leading scholars in their field and analyse not only what was said but also why it was

said and explore what is of lasting value in it Contributions are sufficiently clear to be of use to students in religious studies and cognate disciplines but have enough depth and detail to appeal to scholars *The Oxford Handbook of Samuel Taylor Coleridge* Frederick Burwick, 2012-02-24 A practical and comprehensive reference work the Oxford Handbook provides the best single volume source of original scholarship on all aspects of Coleridge's diverse writings Thirty seven chapters bringing together the wisdom of experts from across the world present an authoritative in depth and up to date assessment of a major author of British Romanticism The book is divided into sections on Biography Prose Works Poetic Works Sources and Influences and Reception The Coleridge scholar today has ready access to a range of materials previously available only in library archives on both sides of the Atlantic The Bollingen edition of the Collected Works of Samuel Taylor Coleridge forty years in production was completed in 2002 The Coleridge Notebooks 1957 2002 were also produced during this same period five volumes of text with an additional five companion volumes of notes The Clarendon Press of Oxford published the letters in six volumes 1956 1971 To take full advantage of the convenient access and new insight provided by these volumes the Oxford Handbook examines the entire range and complexity of Coleridge's career It analyzes the many aspects of Coleridge's literary critical philosophical and theological pursuits and it furnishes both students and advanced scholars with the proper tools for assimilating and illuminating Coleridge's rich and varied accomplishments as well as offering an authoritative guide to the most up to date thinking about his achievements **The Cambridge Companion to Coleridge** Lucy

Newlyn, 2002-10-24 Samuel Taylor Coleridge is one of the most influential as well as one of the most enigmatic of all Romantic figures The possessor of a precocious talent he dazzled contemporaries with his poetry journalism philosophy and oratory without ever quite living up to his early promise or overcoming problems of dependence and drug addiction The Cambridge Companion to Coleridge does full justice to the many facets of Coleridge's life and work Specially commissioned essays focus on his major poems including *The Rime of the Ancient Mariner* and *Christabel* his notebooks and his major work of non fiction the *Biographia Literaria* Attention is given to his role as talker journalist critic and philosopher his politics his religion and his reputation in his own times and afterwards A chronology and guides to further reading complete the volume making this an indispensable guide to Coleridge and his work **Coleridge and the Inspired Word** Anthony John

Harding, 2003-09-10 This movement radically revised the interpretation of the Bible as an inspired book and also helped to redefine the inspiration attributed to poets since many poets of the period including Coleridge himself wished to emulate the prophetic voice of biblical tradition Coleridge's mastery of this new study and his search for a new understanding of the Bible on which to ground his faith are the focus of this book Beginning with an exposition of Coleridge's double role as theologian and poet Anthony Harding analyses the development and transmission of Coleridge's views of inspiration both biblical and poetic and provides a history of his theological and poetic ideas in their second generation in England especially in the work of F D Maurice and John Sterling and in America in that of Ralph Waldo Emerson Harding argues that Coleridge's emphasis

on the human integrity of the scriptural authors provided his contemporaries with a poetics of inspiration that seemed likely to restore to literature a biblical sense of the divine as a presence in the world Coleridge's treatment of biblical inspiration is thus an important contribution to Romantic poetics as well as to biblical scholarship His concept of inspiration is also linked directly to his literary theory and thus to the current debate over the reader's relation to text and author *Coleridge and Scepticism* Benjamin Brice, 2007-10-18 Ben Brice examines Coleridge's poetry and prose between 1795 and 1825 in the context of important philosophical and theological debates with which the poet was familiar He explores Coleridge's scepticism about his own theory of symbolism which was so fundamental to his poetic vision and presents a new and original account of why this anxiety and doubt was present in Coleridge's writings **The Art of the Critic: Early romantics** Harold Bloom, 1988 **Reading Romantics** Peter J. Manning, 1990 These thirteen essays some previously published and others appearing here for the first time are united by a continuing endeavour to join formalism with wider concerns They seek to reconnect literature with the motives from which it springs and the social relations within which it exists There is fusion of psychoanalytic insight textual criticism and historical scholarship Amongst the writers discussed are Wordsworth and Byron Coleridge And The Self Stephen Bygrave, 1986-02-03 *The German Bildungsroman from Wieland to Hesse* Martin Swales, 2015-03-08 Although some of the most distinguished German novels written since about 1770 are generally considered to be Bildungsromane the term Bildungsroman is all too frequently used in English without an awareness of the tradition from which it arose Professor Swales concentrates on the roles of plot characterization and narrative commentary in novels by Wieland Goethe Stifter Keller Mann and Hesse By pointing out that the goal in each work is both elusive and problematic he suggests a previously unsuspected ironic intent His analysis adds to our awareness of the potentialities inherent in the novel Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Travel and Identity: Studies in Literature, Culture and Language* Jakub Lipski, 2018-02-19 This book presents a selection of research papers dealing with the notions of travel and identity in Anglophone literature and culture Collectively the chapters ponder such notions as self and other race centre and periphery thus shedding new light on a number of issues that are highly relevant in the context of the ongoing migration crisis The contributors employ a diverse range of theoretical standpoints from close reading to deconstruction from historically informed approaches to linguistic analysis and thus offer a nuanced panorama of these issues especially from the nineteenth century onwards Coleridge's Play of Mind John Beer, 2010-09-02 Each chapter takes a passage of Coleridge's life and characterizes the nature and function of a playful element in his consciousness **Nature,**

Speculation and the Return to Schelling Tyler Tritten, Daniel Whistler, 2018-12-07 Two decades ago Schelling first resurfaced in *Index Indivisible Remainder* and the same argumentative move of redeploying Schellingian themes for contemporary ends has continued to play a significant role in critical theory since Markus Gabriel Iain Hamilton Grant Jean Luc Nancy All the articles in this volume attempt to take seriously the idea of Schelling as a contemporary philosopher Schelling is read in dialogue with key figures in the canon of European philosophy and critical theory Alain Badiou *milieu du Châtelet* Gilles Deleuze Paul de Man Quentin Meillassoux Maurice Merleau Ponty Gilbert Simondon Slavoj Žižek as well as in light of recent trends in analytic philosophy Brandomian pragmatism powers based metaphysics and semantic naturalism and such readings are not meant merely to highlight Schellingian influences or resonances in contemporary thinking but rather to challenge and interrogate current orthodoxies by insisting upon the contemporaneity of Schellingian speculation That is the aim is both to evaluate and constructively build upon this repeated return to Schelling to probe to diagnose and to experiment on the latent Schellingianisms of the present and the future This book was originally published as a special issue of *Angelaki Journal of the Theoretical Humanities* [The Singing of Mount Abora](#) Herbert Walter Piper, 1987 This volume reveals new perspectives on the sources of Coleridge's vivid symbolism and on the religious nature of his quest for joy It offers a close analysis of *The Ancient Mariner* *Kubla Khan* and *Christabel* and a discussion of Coleridge's influence on the other Romantic poets

Eventually, you will unquestionably discover a further experience and triumph by spending more cash. yet when? do you acknowledge that you require to get those every needs behind having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more almost the globe, experience, some places, subsequently history, amusement, and a lot more?

It is your agreed own period to take action reviewing habit. along with guides you could enjoy now is **The Symbolic Imagination Coleridge And The Romantic Tradition Princeton Essays In Literature** below.
