Being Guilty Guy Elgat,2021-11-12 Being Guilty examines the thought of six central German philosophers Kant Schelling Schopenhauer Paul R e Nietzsche and Heidegger on the phenomenon of guilt or the painful sting of bad conscience suffered when we perform a wrong action The work also examines these philosophers views on responsibility freedom and conscience It concludes with the novel argument that the thought of Heidegger provides a synthesis of the insights of the previous philosophers and overcomes their deficiencies Through Heidegger and his predecessors the author articulates a new theoretical approach to guilt

Violence and Nihilism Luís Aguiar de Sousa,Paolo Stellino,2022-07-05 Nihilism seems to be per definition linked to violence Indeed if the nihilist is a person who acknowledges no moral or religious authority then what does stop him from committing any kind of crime Dostoevsky precisely called attention to this danger if there is no God and no immortality of the soul then everything is permitted even anthropophagy Nietzsche too emphasised although in different terms the consequences deriving from the death of God and the collapse of Judeo Christian morality This context shaped the way in which philosophers writers and artists thought about violence in its different manifestations during the 20th century The goal of this interdisciplinary volume is to explore the various modern and contemporary configurations of the link between violence and nihilism as understood by philosophers and artists in both literature and film

misReading Nietzsche M. Saverio Clemente,Bryan J. Cocchiara,2018-06-11 Perhaps more than any philosophy written in the past few centuries the work of Friedrich Nietzsche has given rise to controversy misunderstanding and dissent Today Nietzsche is remembered as the revolutionary author of such polemical ideas as the death of God the revaluation of values the will to untruth and the Ubermensch Yet is Nietzsche s philosophy as atheistic relativistic nihilistic and immoral as some commentators have claimed Or ought we perhaps to give more credence to Nietzsche s own assertion that one writes books precisely to conceal what one harbors BGE 9 289 If whatever is profound loves masks BGE 2 40 then might Nietzsche s more daring claims be interpreted as clever masks behind which he conceals a deeper philosophy and on which he reveals a hidden truth Is it not possible that the standard readings of Nietzsche are in fact misreadings that his work invites misreading that it is intentionally unclear deceptive disguised The goal of this volume is to reread Nietzsche for all that he shows and all that he hides It is to dig deeper into his work in order to challenge misreadings of old and invite misreadings anew as indeed his work itself calls for and demands

The Westminster Review ,1872 *The Sovereign Individual* James Dale Davidson,William Rees-Mogg,1997 The Foreign Quarterly Review ,1872 Sartre and Psychoanalysis Betty Cannon,1991 Betty Cannon is the first to explore the implications of Sartrean philosophy for the Freudian psychoanalytic tradition Drawing upon Sartre s work as well as her own experiences as a practicing therapist she shows that Sartre was a fellow traveler who appreciated Freud s psychoanalytic achievements but rebelled against the

determinism of his metatheory The mind Sartre argued cannot be reduced to a collection of drives and structures nor is it enslaved to its past as Freud's work suggested Sartre advocated an existentialist psychoanalysis based on human freedom and the self's ability to reshape its own meaning and value Through the Sartrean approach Cannon offers a resolution to the crisis in psychoanalytic metatheory created by the current emphasis on relational needs By comparing Sartre with Freud and influential post Freudians like Melanie Klein Otto Kernber Margaret Mahler D W Winnicott Heinz Kohut Harry Stack Sullivan and Jacques Lacan she demonstrates why the Sartrean model transcends the limitations of traditional Freudian metatheory In the process she adds a new dimension to our understanding of Sartre and his place in twentieth century philosophy
