Women Artists Of The Harlem Renaissance:

Women Artists of the Harlem Renaissance Amy Helene Kirschke, 2014-08-04 Women artists of the Harlem Renaissance dealt with issues that were unique to both their gender and their race They experienced racial prejudice which limited their ability to obtain training and to be taken seriously as working artists They also encountered prevailing sexism often an even more serious barrier Including seventy two black and white illustrations this book chronicles the challenges of women artists who are in some cases unknown to the general public and places their achievements in the artistic and cultural context of early twentieth century America Contributors to this first book on the women artists of the Harlem Renaissance proclaim the legacy of Edmonia Lewis Meta Vaux Warrick Fuller Augusta Savage Selma Burke Elizabeth Prophet Lois Maillou Jones Elizabeth Catlett and many other painters sculptors and printmakers In a time of more rigid gender roles women artists faced the added struggle of raising families and attempting to gain support and encouragement from their often reluctant spouses in order to pursue their art They also confronted the challenge of convincing their fellow male artists that they too should be seen as important contributors to the artistic innovation of the era Creating Their Own Image Lisa E. Farrington, 2005 *Creating Their Own Image* marks the first comprehensive history of African American women artists from slavery to the present day Using an analysis of stereotypes of Africans and African Americans in western art and culture as a springboard Lisa E Farrington here richly details hundreds of important works many of which deliberately challenge these same identity myths of the carnal Jezebel the asexual Mammy the imperious Matriarch in crafting a portrait of artistic creativity unprecedented in its scope and ambition In these lavishly illustrated pages some of which feature images never before published we learn of the efforts of Elizabeth Keckley fashion designer to Mary Todd Lincoln the acclaimed sculptor Edmonia Lewis internationally renowned for her neoclassical works in marble and the artist Nancy Elizabeth Prophet and her innovative teaching techniques We meet Laura Wheeler Waring who portrayed women of color as members of a socially elite class in stark contrast to the prevalent images of compliant maids impoverished malcontents and exotics others that proliferated in the inter war period We read of the painter Barbara Jones Hogue's collaboration on the famed Wall of Respect even as we view a rare photograph of Hogue in the process of painting the mural Farrington expertly guides us through the fertile period of the Harlem Renaissance and the New Negro Movement which produced an entirely new crop of artists who consciously imbued their work with a social and political agenda and through the tumultuous explosive years of the civil rights movement Drawing on revealing interviews with numerous contemporary artists such as Betye Saar Faith Ringgold Nanette Carter Camille Billops Xenobia Bailey and many others the second half of *Creating Their Own Image* probes more recent stylistic developments such as abstraction conceptualism and post modernism never losing sight of the struggles and challenges that have consistently influenced this body of work Weaving together an expansive collection of artists styles and periods Farrington argues that for centuries African American women artists have created an alternative vision of how

women of color can are and might be represented in American culture From utilitarian objects such as quilts and baskets to a wide array of fine arts Creating Their Own Image serves up compelling evidence of the fundamental human need to convey one's life one's emotions one's experiences on a canvas of one's own making **Female Artists from the Harlem Renaissance to the Post-Modern**

Women of the Harlem Renaissance Layla Gupta, Harlem a neighborhood in the northern section of Manhattan became the epicenter of the Harlem Renaissance during the 1920s a period marked by a flourishing of African American culture and intellectual thought This cultural explosion was not only an artistic movement but a profound shift in how African Americans expressed their identity challenged racial stereotypes and laid the groundwork for future generations of artists writers and activists Harlem became a symbol of Black pride intellectual and artistic achievement and defiance against the systemic racism that permeated much of American society The Harlem Renaissance was in many ways a response to the social political and economic struggles faced by African
