The Special Data Dissemination Standard Guide For Subscribers And Users:

The Special Data Dissemination Standard International Monetary Fund. Statistics Dept.,2013-12-17 The International Monetary Fund IMF launched the data standards initiatives to enhance member countries data transparency and to promote their development of sound statistical systems The need for data standards was highlighted by the financial crises of the mid 1990s in which information deficiencies were seen to play a role Under the data standards initiatives the IMF established the Special Data Dissemination Standard SDDS in 1996 to provide guidance to countries that have or seek access to capital markets to disseminate key data so that users in general and financial market participants in particular have adequate information to assess the economic situations of individual countries The SDDS not only prescribes that subscribers disseminate certain data categories but also prescribes that subscribers disseminate the relevant metadata to promote public knowledge and understanding of their compilation practices with respect to the required data categories In 1997 the IMF introduced under the initiatives the General Data Dissemination System GDDS to provide a framework for countries that aim to develop their statistical systems within which they can work toward disseminating comprehensive and reliable data and eventually meet SDDS requirements At the Eighth Review of the Fund s Data Standards Initiatives in February 2012 the IMF s Executive Board approved the SDDS Plus as an upper tier of the Fund s data standards initiatives The SDDS Plus is open to all SDDS subscribers and is aimed at economies with systemically important financial sectors

The Special Data Dissemination Standard Plus International Monetary Fund. Statistics Dept.,2013-10-30 The International Monetary Fund IMF launched the Data Standards Initiatives to enhance member countries data transparency and to promote their development of sound statistical systems The need for data standards was highlighted by the financial crises of the mid 1990s in which information deficiencies were seen to play a role Under the Data Standards Initiatives the IMF established the Special Data Dissemination Standard SDDS in 1996 to provide guidance to countries that have or seek access to capital markets to disseminate key data so that users in general and financial market participants in particular have adequate information to assess the economic situations of individual countries In 1997 the IMF introduced under the initiatives the General Data Dissemination System GDDS to provide a framework for countries that aim to develop their statistical systems within which they can work toward disseminating comprehensive and reliable data and eventually meet SDDS requirements In February 2012 the IMF Executive Board approved the establishment of the SDDS Plus as a third tier of the Fund s Data Standards Initiatives to address data gaps revealed during the global crisis The SDDS Plus is open to all SDDS subscribers those with systemically important financial sectors are encouraged to adhere early to the initiative

Publications Catalog, Fall 2014 International Monetary Fund,2014-09-25 This paper presents an overview of the book Collapse and Revival Understanding Global Recessions and Recoveries that tracks the global business cycle through the destruction of a global recession to the renewal of recovery drawing on four major episodes during the past half century This book defines the terms

of global recessions and recoveries documents their main features describes the events that take place around these episodes puts the latest global recession and ongoing recovery in perspective and analyzes the interactions between fluctuations in the global growth and national growth over the different phases of the global cycle Revisions to the Special Data Dissemination Standard and Establishment of the Special Data Dissemination Standard Plus—Proposed Decisions

International Monetary Fund,2012-04-10 The purpose of the Special Data Dissemination Standard SDDS is to guide member countries in the dissemination of comprehensive timely accessible and reliable economic and financial statistical data in the context of increasing economic and financial integration The SDDS not only prescribes that subscribers disseminate certain data categories but also prescribes that subscribers disseminate the relevant metadata to promote public knowledge and understanding of their compilation practices with respect to the required data categories The purpose of the Special Data Dissemination Standard Plus SDDS Plus is to reinforce and supplement the Fund s Data Standards Initiatives and assist Fund members who decide to adhere to the SDDS Plus with regard to the publication of comprehensive timely accessible and reliable economic and financial statistical data in a world of continuing economic and financial integration The SDDS Plus also requires adherents to disseminate metadata to promote public knowledge and understanding of their compilation practices with respect to the required data categories The Fund decided that the existing rules governing the SDDS are superseded by the new SDDS legal text The Fund established the SDDS Plus which is governed by the rules in the SDDS Plus legal text **The Special Data Dissemination Standard 2006: Guide for Subscribers and Users** Statistics

Department,2006-01 In recent years the IMF has released a growing number of reports and other documents covering economic and financial developments and trends in member countries Each report prepared by a staff team after discussions with government officials is published at the option of the member country **SDDS guide** Statistics Department,2006-01 A guide to assist subscribers of the Special Data Dissemination Standard SDDS and General Data Dissemination Standard GDDS participants moving toward subscription to the SDDS and users of the Dissemination Standards Bulletin Board DSBB in becoming aware of the features and scope of the SDDS and the DSBB **Fiscal Transparency Handbook (2018)**

International Monetary Fund. Fiscal Affairs Dept.,2018-04-16 The IMF s Fiscal Transparency Code is the international standard for disclosure of information about public finances and is the centerpiece of the global architecture on fiscal transparency The Fiscal Transparency Handbook 2018 provides detailed guidance on the implementation of the new Fiscal Transparency Code which was approved by the IMF Board in 2014 It explains why each principle of the Code is important and describes current trends in implementation of the principles noting relevant international standards as well Selected country examples are also provided *Sixth Review of the Fund's Data Standards Initiatives* International Monetary Fund. Statistics Dept.,2005-01-07 The Data Standards Initiatives the SDDS and the GDDS have achieved the goals the Executive Board set in its Fifth Review of July 2003 The staff sees the next three years as a period of consolidating these gains by

maintaining the credibility of the SDDS through improved monitoring of countries observance of its requirements and further integrating both the SDDS and GDDS under the Fund's Data Quality Program DQP by aligning their structure with the Fund's Data Quality Assessment Framework DQAF The staff proposes to include no new data categories in the SDDS and GDDS Instead the staff proposes to deepen descriptive information on how countries cover oil and gas activities and products in selected existing data categories Oman International Monetary Fund. Statistics Dept.,2015-06-29 This paper discusses the findings and recommendations of the Report on Observance of Standards and Codes ROSC Data Module for Oman It is observed that Oman has made significant progress in the compilation and dissemination of macroeconomic statistics since the 2004 ROSC mission The main progress has been achieved in monetary statistics price indices and balance of payments in particular the introduction of the producer price index and improvements in data relevance transparency classification and sectorization The report also recognizes the need for Oman to move to higher data standards and identifies shortcomings in statistical practices and products that remain to be addressed **The Special Data Dissemination Standard**

International Monetary Fund,1996 Ninth Review of the International Monetary Fund's Data Standards Initiatives International Monetary Fund,2015-08-04 The International Monetary Fund's Executive Board regularly reviews progress and developments under the Data Standards Initiatives The last review Eighth Review undertaken in February 2012 introduced the Special Data Dissemination Standard SDDS Plus In light of the long experience under the Data Standards Initiatives established in the mid 1990s this review takes a longer term retrospective on what has been achieved so far and highlights some of the lessons learned What is evident is the contrast between the progress of countries with more advanced dissemination practices SDDS and SDDS Plus and the slow pace of improvement under the General Data Dissemination System GDDS **IMF Survey** International Monetary Fund.
