Playing the Cello, 1780-1930 George Kennaway, 2016-04-22 This innovative study of nineteenth century cellists and cello playing shows how simple concepts of posture technique and expression changed over time while acknowledging that many different practices co existed By placing an awareness of this diversity at the centre of an historical narrative George Kennaway has produced a unique cultural history of performance practices In addition to drawing upon an unusually wide range of source materials from instructional methods to poetry novels and film Kennaway acknowledges the instability and ambiguity of the data that supports historically informed performance By examining nineteenth century assumptions about the very nature of the cello itself he demonstrates new ways of thinking about historical performance today Kennaway's treatment of tone quality and projection and of posture bow strokes and fingering is informed by his practical insights as a professional cellist and teacher Vibrato and portamento are examined in the context of an increasing divergence between theory and practice as seen in printed sources and heard in early cello recordings Kennaway also explores differing nineteenth century views of the cello's gendered identity and the relevance of these cultural tropes to contemporary performance By accepting the diversity and ambiguity of nineteenth century sources and by resisting oversimplified solutions Kennaway has produced a nuanced performing history that will challenge and engage musicologists and performers alike
