tell the story simply or do you want to convey something complex and beguiling Will you be scrupulously truthful or do you intend to embroider the facts and events Perhaps you want to present a fantasy version of your life rather than the real thing Perhaps you want others to admire you and respect you so you will censor all the unsavory and disreputable things you did You definitely won't be presenting awarts and all account Or maybe you want people to know exactly who you are so you will tell it exactly as it is You will show the world your true self and they can take it or leave it What kind of audience do you want Do you seek people of refinement and the highest taste or are you eager for the masses to crowd in to hear your tale Are you an elitist or a populist Do you want to have as large an audience as possible or as select an audience as you can find Is quality better than quantity Will you produce a crowd pleasing thriller or a high minded meditation Perhaps a horror story captures the essence of your life or a sci fi or a western or a rom com It is more tragedy than comedy or did the laughs and fun times flow thick and fast There are so many factors to consider A life is not an easy thing and its telling is even harder Come inside and learn how to tell the story of your life
