## Wittgensteins Vienna:

*Wittgenstein's Vienna* Allan Janik, Stephen Toulmin, 2023-11-14 This is a remarkable book about a man perhaps the most important and original philosopher of our age a society the corrupt Austro Hungarian Empire on the eve of dissolution and a city Vienna with its fin de si cle gaiety and corrosive melancholy The central figure in this study of a crumbling society that gave birth to the modern world is Wittgenstein the brilliant and gifted young thinker With others including Freud Viktor Adler and Arnold Schoenberg he forged his ideas in a classical revolt against the stuffy doomed and moralistic lives of the old regime As a portrait of Wittgenstein the book is superbly realized it is even better as a portrait of the age with dazzling and unusual parallels to our own confused society Allan Janik and Stephen Toulmin have acted on a striking premise an understanding of prewar Vienna Wittgenstein s native city will make it easier to comprehend both his work and our own problems This is an independent work containing much that is challenging new and useful New York Times Book Review

*Wittgenstein's Vienna Revisited* Allan Janik, One of the most powerful critiques of the retreat into fantasy was that of the philosopher Ludwig Wittgenstein whose early career in Vienna has helped frame debates about ethical and aesthetic values in culture **WITTGENSTEIN IN VIENNA.** Allan S. Janik, Hans Veigl, 1998-10-06 Wittgenstein in Vienna documents Wittgenstein s life in the city the places he his family and those with whom he was in contact lived worked entertained and socialized The book will be a source of enrichment to the cultural tourist in Vienna Its authors are authorities on Wittgenstein s philosophy especially in relation to Viennese culture and popular culture in particular the world of the coffee house and cabaret Wittgenstein James C. Klagge, 2001-08-13 A collection of essays exploring the relationship between Wittgenstein s life and his philosophy **Wittgenstein's Vienna. Allan Janik and Stephen Toulmin. (1. publ.)** Allan S. Janik, Stephen Edelston Toulmin, 1973 The House of Wittgenstein Alexander Waugh, 2009-01-01 The true story of a one handed pianist and the fall of his aristocratic family **On the Trail to Wittgenstein's Hut** Ivar Oxaal, 2017-09-08 One of the most influential philosophers of the twentieth century Ludwig Wittgenstein and the roots of his monumental Tractatus are explored in this imaginative work Oxaal picks up on themes developed in an earlier work of his on Jews Anti Semitism and Culture in Vienna adding to it special issues concerning Wittgenstein s experiences in Norway in 1913 14 where he worked on ideas that were completed during the war Oxaal situates the great philosopher in time place and attitude showing how his personal background came to bear on the writing of the Tractatus Wittgenstein has often been criticized for traces of solipsism and even mysticism and Oxaal also examines these issues in a volume that integrates ethnography nationality and cultural studies Oxaal sheds new light on the theme of Wittgenstein s Jewishness and develops a new appreciation of the Wittgenstein family and Wittgenstein s better known years in Vienna The author is unsparing in his observations about racism and pessimism in Berlin and Great Britian during the period in which Wittgenstein worked and studied at Cambridge The writing of the Tractatus spanned the First World War In the period immediately after its completion Wittgenstein found

himself in The Hague where he was in discussions and disputes with Bertrand Russell Oxaal covers these problems sensitively and with an appreciation of ambiguities in the life of a great philosopher and the confusions caused by a post war change in fortunes personal and familial This work of an eminent social scientist and historian may not be the final statement on Wittgenstein but it most certainly must be considered in any serious assessments of an iconic figure of the twentieth century

Wittgenstein's House Nana Last,2008 The book advances the radical proposition that the field in which architecture and philosophy operate includes linguistic and spatial practices It develops innovative forms of interdisciplinary analyses to demonstrate that the philosophical positions put forth by Wittgenstein s two main works are literally unthinkable outside of their respective conceptions of space the view from above in the early work and the view from within constructed by the later work

BOOK JACKET **Wittgenstein's Philosophical Investigations** David G. Stern,2004-10-21 In this new introduction to a classic philosophical text David Stern examines Wittgenstein s Philosophical Investigations He gives particular attention to both the arguments of the Investigations and the way in which the work is written especially the role of dialogue in the book While he concentrates on helping the reader to arrive at his or h er own interpretation of the primary text he also provides guidance to the unusually wide range of existing interpretations and to the reasons why the Investigations have inspired such a diversity of readings

*Questions on Wittgenstein (Routledge Revivals)* Rudolf Haller,2014-05-01 Wittgenstein possibly the most influential philosopher of the twentieth century is often labelled a Neopositivist a New Kantian even a Sceptic Questions on Wittgenstein first published in 1988 presents a selection of nine essays investigating a matter of vital philosophical importance Wittgenstein s relationship to his Austrian predecessors and peers The intention throughout is to determine the precise contours of Wittgenstein s own thought by situating it within its formative context Although it remains of particular interest to Anglo Saxon philosophers special familiarity with Austrian philosophy is required to appreciate the subtle and profound influence which this cultural and philosophical setting had on Wittgenstein s intellectual development Professor Haller has spent his career exploring these themes and is one of the foremost authorities on both Wittgenstein and contemporary Austrian philosophy Questions on Wittgenstein thus offers a unique insight into the twentieth century tradition of Austrian philosophy and its importance for Wittgenstein s thought
