Peter D Matthews

The Zohar Pritzker Edition Volume Five:

Divine and Demonic in the Poetic Mythology of the Zohar Nathaniel Berman, 2018-09-24 Nathaniel Berman's *Divine and Demonic in the Poetic Mythology of the Zohar: The Other Side of Kabbalah* offers a new approach to the central work of Jewish mysticism, the *Sefer Ha Zohar* (Book of Radiance). Berman explicates the literary techniques through which the Zohar constructs a mythology of intricately related divine and demonic personae. Drawing on classical and modern rhetorical paradigms as well as psychoanalytical theories of the formation of subjectivity, Berman reinterprets the meaning of the Zohar's divine and demonic personae, exploring their shared origins and their ongoing antagonisms and intimacies. Finally, he shows how the Zoharic portrayal of the demonic, the Other Side, contributes to reflecting on alterity of all kinds. **Zohar - The**

Book of Radiance Revealed Dr. Robert H. Schram, 2014-02-06 There are numerous books written about Jewish mysticism, kabbalah, and the Zohar (Book of Radiance). The Zohar is written in code through the use of symbolism, euphemisms, figures of speech, ancient phraseology, and the Hebrew Bible or Tenakh. Tenakh is an acronym formed from the initial Hebrew letters of Masoretic Text's three traditional subdivisions: Torah (the Five Books of Moses), Nevi'im (Prophets), and Ketuvim (writings). Thanks to the incredible scholarship of Professor Daniel Matt from Berkeley, California, the codes of the Zohar have become more comprehensible to the inquisitive reader. It was because of Professor Matt's translation, explanations, and notes on the Zohar in his first seven volumes that I was moved to write this book. The Zohar is firmly rooted in tradition but thrives on discovery.

The Roots of Jewish Consciousness, Volume Two Erich Neumann, 2019-04-24 *The Roots of Jewish Consciousness: Volume Two: Hasidism* is the second volume, fully annotated, of a major previously unpublished two-part work by Erich Neumann (1905-1960). It was written between 1940 and 1945, after Neumann, then a young philosopher and physician and freshly trained as a disciple of Jung, fled Berlin to settle in Tel Aviv. He finished this work at the end of World War II. Although he never published it, he kept it the rest of his life. *Volume Two: Hasidism* is devoted to the psychological and spiritual wisdom embodied in Jewish spiritual tradition. Relying on Jung's concepts and Buber's Hasidic interpretations, Neumann seeks alternatives to the legalism and anti-feminine bias that he says have dominated collective Judaism since the Second Temple. He argues that modern Jews can develop psychological wholeness through an appropriation of Hasidic legends, Talmudic texts, and Kabbalistic mysteries, including especially the Zohar. Exclusively, this volume includes a foreword by Moshe Idel. An appendix contains Neumann's four lecture series from the 1940s, giving a glimpse of his intended unpublished Part Three. These volumes anticipate Neumann's later works, including *Depth Psychology* and *A New Ethic: The Origins and History of Consciousness*. In *Volume Two: Hasidism*, his concept of the ego-Self axis is developed in clearly psychological terms. Four previously unpublished essays appended to *Volume Two* illustrate Neumann's developmental psychology, including his theme of primary and secondary personalization. This unique work will appeal to Jungian analysts and psychotherapists in training and in practice, historians of psychology, Jewish scholars, biblical historians, teachers of

comparative religion as well as academics and students

The Enspirited Body in 1 Corinthians 15 John Granger Cook

, 2025-01-24 The precise nature of the the enspirited body remains a mystery It is possible that Paul derived the expression from a lost source in Alexandrian Judaism perhaps based on a transformation of the exegesis of the Genesis creation tradition but it seems most probable that the origin of the concept was his self described experience of the Risen Lord does not appear in any text datable prior to 1 Corinthians However John Granger Cook shows that 1 Cor 15 35 58 and 2 Cor 5 1 10 do provide some guidelines for understanding Paul's concept of the enspirited body and enable the reader to make useful conclusions about what it is and what it is not The context of enspirited body indicates the following result the claim occasionally seen in modern scholarship that the enspirited body in Paul is entirely non physical is unwarranted

Kabbalistic Manuscripts

and Textual Theory Daniel Abrams, 2010 *Kabbalistic Manuscripts and Textual Theory* uncovers the unstated assumptions and expectations of scribes and scholars who fashioned editions from manuscripts of Jewish mystical literature This study offers a theory of kabbalistic textuality in which the material book the printed page no less than handwritten manuscripts serves as the site for textual dialogue between Jewish mystics of different periods and locations The refashioning of the text through the process of reading and commenting that takes place on the page in the margins and between the lines blurs the boundaries between the traditionally defined roles of author reader commentator and editor This study shows that kabbalists

and academic editors reinvented the text in their own image as part of a fluid textual process that was nothing short of transformative This book is certainly monumental offering in its seven hundred pages a wealth of documentation and distilled argument that manages to be both comprehensive in its materials and transparent in its critical insights It is rare indeed that a work of such formidable scholarship can actually be a pleasure to read and convincing in its elucidation of what are often extremely complex documentary circumstances and editorial traditions From the foreword by David Greetham
