Theology And Difference Theology And Difference:

Theology and Difference Walter Lowe, 1993-07-22 provocative and rewarding Religious Studies Review a tour de force Theological Studies Theology and Difference reconceives the options confronting modern theology and investigates the disputed questions that underlie it Pressing beyond the ready made enlightenment offered by the subject object framework Walter Lowe uncovers a number of remarkable convergences between the contemporary philosopher Jacques Derrida and the early twentieth century theologian Karl Barth

Sex Difference in Christian Theology Megan K. DeFranza, 2015-05-16 How different are men and women When does it matter to us or to God Are male and female the only two options In Sex Difference in Christian Theology Megan DeFranza explores such questions in light of the Bible theology and science Many Christians entrenched in culture wars over sexual ethics are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve DeFranza argues from a conservative theological standpoint that all people are made in the image of God male female and intersex and that we must listen to and learn from the voices of the intersexed among us

Feminist Theology and the Challenge of Difference Margaret D. Kamitsuka, 2007-07-20 In the early years of contesting patriarchy in the academy and religious institutions feminist theology often presented itself as a unified front a sisterhood The term feminist theology however is misleading It suggests a singular feminist purpose driven by a unified female cultural identity that struggles as a cohesive whole against patriarchal dominance Upon closer inspection the voice of feminist theology is in fact a chorus of diverging perspectives each informed by a variety of individual and communal experiences and an embattled scholarly field marked by the effects of privilege and power imbalances This complexity raises an important question How can feminist theologians respect the irreducible diversity of women s experiences and unmask entrenched forms of privilege in feminist theological discourse In Feminist Theology and the Challenge of Difference Margaret D Kamitsuka urges the feminist theological community to examine critically its most deeply held commitments assumptions and goals especially those of feminist theologians writing from positions of privilege as white or heterosexual women Focusing on women s experience as portrayed in literature biblical narrative and ethnographic writing Kamitsuka examines the assumptions of feminist theology regarding race and sexuality She proposes theoretical tools that feminist theologians can employ to identify and hopefully avoid the imposition of racial or sexual hegemony thus providing invaluable complexity to the movement s identity and ultimately contributing to current and future Christian theological issues Blending poststructuralist and postcolonial theoretical resources with feminist and queer concerns Feminist Theology and the Challenge of Difference makes constructive theological proposals ranging from sin to christology The text calls feminist theologians to a more rigorous self critical approach as they continue to shape the changing face of Christian theological discourse

A Theology of the New Testament George Eldon Ladd, 1993-09-02 Ladd s magisterial work on New Testament theology has well served scores of

seminary students since 1974 Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd s survey of the history of the field of New Testament theology an augmented bibliography and an entirely new subject index *Theopoetics and Religious Difference* Marius van Hoogstraten,2020-09-30 Why are interreligious encounters and relations both more troubling and more promising than typically assumed and how can this be embraced In engaging the contemporary theological discourse of theopoetics Marius van Hoogstraten offers a way of approaching religious difference that while perhaps unusual to readers familiar with more conventional theology may be especially fitting for this age Provided by publisher *The Bible in Theology and Preaching* Donald K. with potential problems is a highly useful and important voice in the greater study of religious and theological ideas and their intersection with science Hermeneutical Theology and the Imperative of Public Ethics Paul S. Chung,2013-10-23

Nicholas Reid,John R. Muether,2020-10-16

A Comprehensive Exploration of the Biblical Covenants This book forms an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life A host of 26 scholars shows how covenant is not only clearly taught from Scripture but also that it lays the foundation for other key doctrines of salvation The contributors who engage variously in biblical systematic and historical theology present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative As students pastors and church leaders come to see the centrality of covenant to the Christian faith the more the church will be strengthened with faith in the covenant keeping God and encouraged in their understanding of the joy of covenant life Reshaping Ecumenical Theology Paul Avis,2010-04-11 Specters of God John D. Caputo,2022-10-04

In Specters of God John D. Caputo returns to the original impulse of his work the mystical element in things here under the name of an anxious apophatics as distinct from an edifying apophatics anchored in unity with God In dialogue with Schelling a new turn for him and the lynchpin of this argument Caputo addresses the nocturnal powers in being the specters that haunt our being and bring us up short The result is an erudite and insightful analysis in his usual lively and masterful style of several key spectral figures from medieval angelology and Eckhart's Gottheit through Luther's deus absconditus and Schelling's Satanology to the spectralization and virtualization of the world in the posthuman age Arguing that the name of God is not the master name of a super being who is going to save us but a placeholder for sources deep in our apophatic imaginary he asks Has God become a holy ghost of the past A passing spectral effect of the ancient harmonies of the spheres Does radical thinking culminate in a cosmopoetics beyond theism and its theology in a doxology to the transient glory of the world whatever it was in the beginning however eerie its end world without why *Jewish Bible Theology* Isaac Kalimi,2012-01-01 This volume the first of its sort takes issue with scholars who believe that the terms biblical theology and Jews contradict rather than approximate each other Without saying so they automatically confirm Otto Procksch's assertion that alle Theologie ist Christologie In recent decades however there is increasing interest in earlier and current Jewish

biblical theologies A new generation of Jewish scholars demonstrate great interest in and actively engage in Hebrew Bible theology They strive to make Jewish biblical theology a legitimate subdiscipline of biblical studies and develop it separately and independently from the Christian theology Also many Christian scholars are interested in understanding the Hebrew Bible Old Testament and its various themes from Jewish theological perspectives Thus in response to continual interest from all sides Isaac Kalimi presents this volume for the benefit of all Jewish Bible Theology comprises a number of essays that raise substantial methodological and historical questions while others focus on particular topics from the Torah Prophets and Writings Altogether they reflect fresh and current thinking on important issues in Jewish religious and intellectual world views

Inventing Christic Jesuses: Rules and Warrants for Theology Charles A. Wilson, 2018-11-01 In the first comprehensive proposal for revisionist theology's deployment of historical Jesus research *Inventing Christic Jesuses* rejects positions that insulate theology from Jesus research By setting out theological methods warrants and rules in dialogue with an analysis of the Jesus historians of the Third Quest c 1980-2010 the study charts a path toward a quested christology positioned between categorical rejection and uncritical acceptance of historical results on Jesus Volume 1 Method analyzes the methods and values of historical research on Jesus and identifies the retrojective activity of value production when historians in conversation with historical sources invent images of Jesus Volume 2 Christological Recommendations gathers potential contributions of Jesus research for revisionist theology according to the cataphatic apophatic and eminent pattern of classical theology By attending to the limits and opportunities afforded by historical research both negative and positive the argument retrieves for theology the complex way that historians shape same and different association and dissociation in the production of their Jesuses Then it analyzes how values shape Jesuses in a pervasive Narcissus project to invent a self and a community through imaging Jesus Proposing that the disciplined invention of Jesuses is highly useful for theology the book ends with recommendations for a quested christology
